

***"IS YOUR THIRST BECOMING A CRISIS?"***

# **WATER SCARCITY AND CATHOLIC SOCIAL JUSTICE**

***“WATER, A COMMON GOOD OF THE HUMAN FAMILY,  
CONSTITUTES AN ESSENTIAL ELEMENT FOR LIFE”***

POPE BENEDICT 2006

In every season—whether the warmth of summer or the chill of winter—it's always the right time to reflect on the critical issue of Water Scarcity and its impact on our shared human family. How does this urgent topic connect to our call as disciples? And what does it mean to live our baptism in a world where water is both a source of life and a symbol of our faith?

I would be honored to join your community for a thought-provoking session that invites participants to learn, explore, and reflect on these connections. Together, we'll dive into the challenges of water scarcity and how our faith calls us to respond with compassion and action. Let's start a conversation that inspires change and deepens our understanding of the Gospel's call to care for all of creation. I look forward to the opportunity to journey with you in this vital reflection.
