

JSPED- HOMESCHOOL QUIZ

Is Homeschooling Right for Your Child with Disabilities?
Take the Quiz to Find Out!

Do you feel that your child's unique learning needs are not being adequately met in their current school environment?

Yes / No

Are you able to dedicate sufficient time each day to provide one-on-one instruction and support for your child's education?

Yes / No

Do you have access to or are you willing to seek out specialized resources, tools, and therapies that can assist in your child's learning process?

Yes / No

Is your child experiencing high levels of stress or anxiety in their current school setting that you believe could be alleviated by a more controlled home environment?

Yes / No

Are you prepared to take on the responsibility of planning and implementing a customized educational plan that addresses your child's specific needs and abilities?

Yes / No

If you Answered..

Mostly Yes:
Homeschooling might be a beneficial option for your child. It allows for a tailored education plan, personalized pace, and a supportive learning environment that can address your child's specific needs.

Mostly No:
Homeschooling may not be the best fit at this time. Consider discussing your concerns with your child's current educators to explore additional support options or modifications within their current school setting.
