COVID-19 PROTOCOL

Passengers

- Following CDC recommendations, in areas of high or substantial transmission it is recommended that passengers wear a mask while in the vehicle.
- In areas of low transmission, passengers may choose to be masked or unmasked.
- Passengers will be provided hand sanitizer by Michiana Fun Tours, of at least 60% alcohol, every time they enter the bus.
- If any passenger is exhibiting the symptoms of Covid-19, they will not be permitted to board the vehicle.

Cleaning & Disinfecting

- All hard surfaces inside the vehicle will be cleaned with a bleach and water solution, 1/3 cup bleach to 1 gallon of water, before each shift and at the end of each shift.
- All hard surfaces inside the vehicle will be sprayed or wiped down with a disinfecting spray or wipe each time passengers disembark.
- All soft surfaces inside the vehicle will be sprayed with a disinfectant spray at the beginning of each shift, every time passengers disembark, and at the end of each shift.
- Ventilation will be enhanced by opening the windows to allow air circulation—if the temperature permits.

Employees

- If driver is exhibiting the symptoms of Covid-19, they will be asked to leave work immediately.
- The driver will use hand sanitizer, of at least 60% alcohol, at the beginning of each shift. And additionally, the driver will use sanitizer each time the bus stops.
- The driver will use gloves when fueling the vehicle and use hand sanitizer thereafter.
- Following CDC recommendations, in areas of high or substantial transmission it is recommended that the driver wear a mask while in the vehicle.
- In areas of low transmission, the driver may choose to be masked or unmasked.
