

Wayland Area EMS

Information Memo

Memo Number: 2025-3

Topic: Philly Collars

From: Kathy

Date: 1/9/2025

Due to the rising price and lack of availability of them we have decided to stop carrying the Philly Collars.

While, it was nice to be able to offer this option for our patients, talking to other agencies we are the only ones that carry them.

We will use up the supply that we have, but after that there will only be adjustable collars stocked in the upper shelf of the units.
