# THE PATHWAY COFFIN

Sitting within the Reflections® design range, this natural wood, biodegradable coffin allows for a truly unique, collaborative and personalised send-off with each person designing their own section, or each panel marking a different part of the life lost. Nothing before has so beautifully transformed the coffin into a celebration of life. Nothing before has so eloquently enabled that story to be told.

Choose a frame colour and have the panels printed in our new spectacular printed padded fabric (pictured), giving your coffin a comforting tactile finish.

Patent No - GB2538767

## Design your panels

As part of our new Pathway service, we have developed a system where each panel can be designed separately. Whether each panel is designed from a different family member, or designed together using different panels for different periods or pastimes of a person's life, the Pathway service allows you to create any possible outcome with any possible design. Below are some examples;

## Choose your lid options

Choose from three different lid options. Our blackboard lid for chalk inscriptions, our whiteboard lid for permanent marker inscriptions, or choose to have the lid covered in a full picture.

## Choose your frame

Our Pathway frames come in natural wood, black or white.

## Choose your panel material

Viewing the coffin has never been more comforting. The panels can be printed onto a fabric material which is then padded to elevate it from the frame, giving the design and final finish more emphasise. Alternatively, you can have your panels printed on our FSC certified paper which is fully biodegradable.

# FLORAL TRIBUTES

Floral tributes have a long association with funeral arrangements and as such it is not surprising that picture coffins which utilise flowers in their design have become a popular choice. These floral designs offer a softer, more colourful alternative to a traditional wood coffin and can hold special significance. Poppies are well known for their link to remembrance, while daffodils can signify re-birth and renewal. The following pages offer some examples of popular floral coffins, but we can create any design based around the flower of your choosing. All designs are also available as

# SOMEWHERE SPECIAL

Landscape views and vistas often conjure up very emotive feelings, which resonate with certain periods in peoples' personal history. For this reason a landscape inspired picture coffin can conjure up memories of a loved one's past, perhaps displaying a place that held special meaning for them, or a location where they enjoyed spending time. Our team can recreate panoramas that wrap around the sides of the coffin from photographs supplied; or if it is a well known location, we can source the images on your behalf. For more examples visit: [www.picturecoffins.co.uk](http://www.picturecoffins.co.uk)

# SPORTING LIFE

For many of us, sport can become a passionate corner-stone of our lives, manifesting itself in a life long dedication to a particular team. Many of the requests that utilise our personalised service reflect this passion, and sporting and team coffins remain some of our most popular designs. Through flags and motifs we can reference national teams, and in the event of wanting to include a specific club, our designers, wherever possible, can liaise to secure the permission to do so. Pastimes, leisure activities and interests can become a defining aspect of people's lives. Be it painting, fishing or gardening, we can create an appropriate picture coffin and even utilise personal photographs if desired. If the deceased had a particular interest not depicted here, we are happy to create a design that incorporates the right imagery for a truly personalised picture coffin. Many of us are animal lovers and as such picture coffins featuring animals are amongst our most popular designs. They are perfect for someone who had a beloved pet, enjoyed spotting wildlife, or had an interest in exotic creatures. We offer designs featuring various types of household pets, wild animals and insects, but we are also happy to create a bespoke design depicting a personal pet using photographs provided. # STYLE STATEMENT

A picture coffin can also represent the identity and style of your loved one. For those who are patriotic we offer designs which feature flags, crests and patterns, such as various tartans. A military career could be represented by the colours of their regiment accompanied by their badge. Or perhaps a strong fashion sense could be continued with one of our patterned and textured designs. Whatever your requirements, we are happy to create a unique design which compliments your loved one's personality. Transport is more than just a means to an end for many people. Sunday drives to the countryside, cycling along the coast, spotting trains at the station... They can represent journeys, careers, interests and hobbies. We can also add personal touches to our designs, such as a number plate. For more examples visit: [www.picturecoffins.co.uk](http://www.picturecoffins.co.uk)

the earth long after they have fallen apart.

There are people who’s remembrance  
gives light in this world, long after they have  
passed away. This light shines in our darkest

# WORDS TO REMEMBER

Many of our customers like to include poetry, readings, song lyrics or their own writing on the coffin design, for a more sentimental and personal touch. They may represent a favourite piece of prose, express an emotion or sentiment that celebrates the life of your loved one. The text can be laid over or combined into any design and can give an additional level of meaning to your personalised picture coffin. We have illustrated a few popular choices on the following pages, but you can add anything you like to almost any image. For more examples visit: [www.picturecoffins.co.uk](http://www.picturecoffins.co.uk)

All designs are also available as
