AGREEMENT

Use or Sale of Seed of the Product is Prohibited

Legacy Hemp is the protector of the intellectual property rights for all hemp seeds (the "Provided Seed") sold by Legacy Hemp and any rights which arise from the crops produced from the Provided Seed. Legacy Hemp only grants to Grower a limited, non-exclusive license to use the Provided Seed for the sole purpose of growing and harvesting the crop obtained from the Provided Seed during the 2020 season (the "Season"). This license does not include the right to propagate the plants or seeds from the Provided Seed in any manner, for any purpose or reverse engineer or duplicate the Provided Seed in any manner. This license does not include the right to alter the Provided Seed in any way, including through genetic techniques. The Grower shall process any and all grain produced from the Provided Seed or make such grain non-viable. The Grower shall be liable for any opened bags of Provided Seed.

Damages in the Event of a Breach

Grower acknowledges that damage arising out of a breach of any of the covenants contained in this Non-Propagation Agreement may be substantial, although difficult to quantify, and money damages may not afford an adequate remedy. Therefore, in the event of such a breach, in addition to any other remedies as may be provided by law, Legacy Hemp shall have the right to seek specific performance of the covenants contained herein by way of temporary or permanent injunctive relief.
