24/7 OPERATIONS AND SUPPORT

REAL-TIME THREAT DETECTION

REDUCED GUARD EXPENSE

EMPLOYEE & CUSTOMER SAFETY

EVIDENCE COLLECTION

Incorporating CCTV and live monitoring into a business security strategy helps maintain a safe, secure environment while providing valuable oversight that can reduce losses and improve operational efficiency. **Strategic Monitoring Solutions** partners with you to provide cost effective monitoring solutions that fit your needs.

EFFICIENT & EFFECTIVE PROTECTION

Live video monitoring combines technology with human intelligence to provide ongoing surveillance without the liability problems of a traditional guard. Our surveillance service takes a proactive approach to security. Instead of waiting for alarms to go off, our highly trained staff continuously monitor key areas of your property, identifying and evaluating suspicious activity in real time. By doing this, we help prevent crimes before they happen.

TECH PARTNERS

For over five years, Strategic Monitoring Solutions has delivered outstanding protection across various industries. Our success is attributed to our technology partners and our dedicated professional staff.

BENEFITS

1. **24/7 Surveillance**

Unlike physical security guards, monitoring ensures protection during off-hours, weekends or holidays.

2. **Real-Time Threat Detection**

Human operators and automated systems can quickly assess risks and respond in real time, minimizing potential damage or loss.

3. **Improved Response Times**

Operators can notify law enforcement immediately, ensuring rapid intervention.

4. **Crime Deterrence**

Visible security cameras act as a powerful deterrent to potential criminals.

5. **Cost-Effective Security**

CCTV and live monitoring system is more cost-effective than hiring security personnel. Cover wider areas with fewer resources.

6. **Evidence Collection**

CCTV footage serves as valuable evidence for investigations, insurance claims, or legal proceedings.

7. **Employee and Customer Safety**

Besides property, monitoring enhances the safety of employees and customers.

8. **Operational Oversight**

Managers can remotely monitor workflow, ensure compliance with regulations, and maintain productivity by reviewing footage.

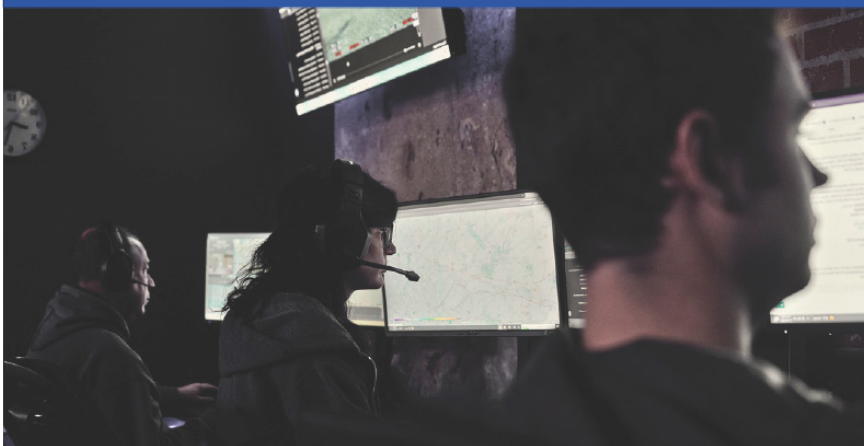

9. **Risk Prevention**

Spot potential risks before they escalate, like equipment malfunctions, fire hazards, or environmental threats.

10. **Reduced Liability**

Protect your business against false claims, accidents, or disputes. Footage can clarify events and reduce the risk of costly legal issues.

24/7 SECURITY OPERATIONS CENTER

We provide a specialized team of experts that meticulously analyzes all relevant camera footage, delivering precise and comprehensive activity summaries. Our video review department optimizes both time and cost efficiency by generating tailored reports, ensuring you receive the specific video evidence required, without the need for direct manual review.
