

Antonia George

7/12/24

I feel happy about having the opportunity to be involved in this MVP3 internship. Before this internship, I had too much time on my hands which often left me in my thoughts. A strong feeling and thought I had was hopelessness. I felt that I didn't have anything to look up to but when I got this internship my mood started to shift. I was able to start engaging in something I enjoyed. I'm excited about this internship, because film is a huge interest of mine and in Memphis you never really hear too much about internships in the film industry, especially in high school. The work is engaging, and fun as well. The training instructions were clear and direct. I feel that other students are going to enjoy it as well, for example young people such as

myself, we create content for social media and it'll be beneficial for them to get more knowledge and hand on experience in editing and filming. I know it'll be beneficial for those who are interested in film, such as myself. I'm also excited about the film school opportunity that's been afforded to me, because I always had a desire to study film but had no idea that I could achieve this as a career. This internship gives me the opportunity to fulfill my dreams of becoming the first generation of my family to attend college and to become successful.

Sincerely, Antonia George

A handwritten signature in black ink that reads "Antonia George". The signature is written in a cursive, flowing style. The first name "Antonia" is on the left and the last name "George" is on the right, connected by a thin line. There is a small mark above the letter 'i' in "Antonia".
