Dear Marnie:

RE: Before and After School Programs in Huron County

At the direction of the Board, and in accordance with Board Governance and By-Laws, this letter acknowledges your delegation to the Board at its meeting on September 9, 2025.

Please be advised that at the meeting Trustees discussed your concerns and are understanding of the challenges that the London Bridge Child Care Services withdrawal of services presents for families. We know how stressful this has been for many families, and our staff continue to work closely with the County of Huron to find a provider to replace the programs that are discontinuing.

As of today, a solution has not been confirmed but we remain hopeful and will continue to work diligently until a provider has been secured. We will continue to keep families informed.

Thank you for taking the time to bring your concerns forward and we look forward to providing an update soon.

Sincerely,

Michael Bannerman

Chair
