Chief HR™

AI for CHROs

Practical, expert-led training for Chief HR Officers to lift effectiveness, decision quality and personal productivity with AI. Small cohorts, hands-on, in person.

About the course

As CHROs we are all talking about AI and how to upskill the workforce and realise productivity benefits. This course focuses on your own capability: practical tools and methods to apply AI to your CHRO work today.

What you will learn

- How to create an AI Board Agent to critique your Board papers.
- How to write in your authentic voice via AI.
- Doing deep research without hallucinations.
- How to maximise your personal productivity and claw back valuable time.

How the training runs

- Hands-on practice in the room on your own laptop and preferred AI system.
- Applied to real-world CHRO challenges.
- Small, expert-led, in-person training with peers.
- Walk out set up and ready to go.
