Thank you for your interest in Holo Academy (HAIAA) training!

Eyebrow Tattoo Courses are intensive hands on trainings for those wishing to pursue a career in

- MB 001 - Manual eyebrow hairstroke mimesis (Microblading Eyebrow hairstrokes),
- MB 002 - Manual eyebrow shading (Ombre or soft powder eyebrow shading),
- CT 001 - Machine eyebrow hairstroke mimesis Nano Eyebrow hairstrokes),
- CT 002 - Machine eyebrow shading (Ombre or soft powder eyebrow shading).

This is a step into Cosmetic Tattooing Industry, a fine more natural way of applying long lasting cosmetics. Cosmetic Tattooing & Microblading is dermal artistry applied for cosmetic or remedial purpose. Depending which course is chosen applicants have the opportunity to learn how to perform Aesthetic tattooing techniques at a highest level of proficiency.

The CT & MB Essentials training forms the foundation for more advanced practices and should only be considered as a minimum standard in cosmetic tattooing.

COURSE PREREQUISITES

Prior to undertaking any of our Cosmetic Tattooing & Microblading Trainings student must be 18 years of age or over and it is recommended that HLTINF005 Maintain Infection Control Prevention for skin penetration treatments has been completed. First aid certification is also encouraged.

PHYSICAL & PERSONAL ATTRIBUTES

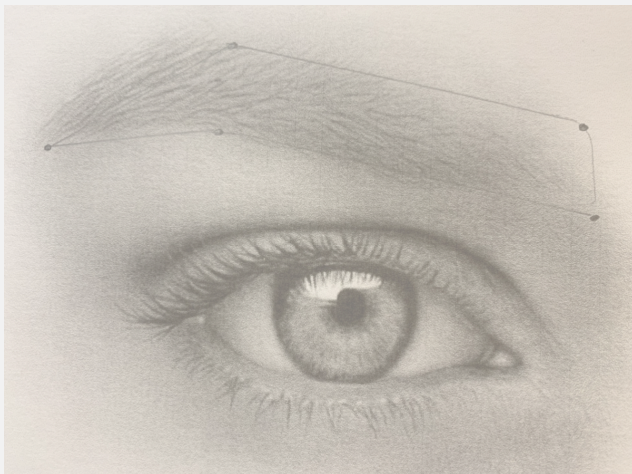

- good eyesight (aid required if needed)
- steady, meticulous hand (nails must be short and tidy)
- no phobia of needles, including inserting needles into the skin
- no fear of blood
- absolute concentration and focus at all times
- easy to follow instructions, resourceful and self-sufficient
- comfortable black clothes and enclosed flat shoes must be worn at all times.

Personal attributes recommended for cosmetic tattooists include a pleasant, mature, positive and caring nature, with knowledge in skin, skin types, face shape and make up application. Artistic and creative talent is a bonus.

COURSE PROGRAMME

Specialised trainings that are offered require both theoretical, in house practical and post course practical case studies to satisfy all components and to complete all facets of the course satisfactory. Program consists of:

Part 1 - PRE STUDY (theory) ... Part 2 - In - HOUSE TUITION (enlist models)... Part 3 - CASE STUDIES (logged hours)

SAFETY & HYGIENE

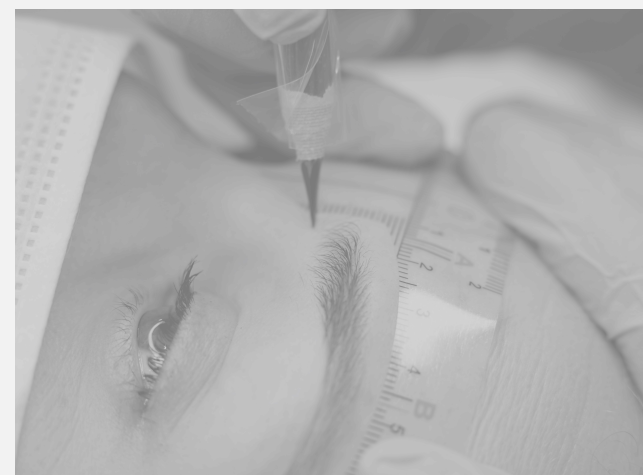

Surrounded by our modern facilities we abide by the highest hygiene and safety requirements. Creating the most natural finish; enhancing your clients features and providing a pleasing result for them is paramount to our philosophy. MB essential and advanced trainings are the stepping stones to build your career in the Cosmetic Tattooing industry.

Throughout the whole training the students will have the privileged of working with cutting edge equipment, premiere pigments and accessories.

If you have any special needs in terms of health or learning requirements, please notify the academy prior to commencement. If you are unsure if this training is right for you, and have no previous cosmetic tattooing training we offer entry exam at additional cost of \$500.

If you are opening your own business, your work premises must comply, and be approved, by your local council for skin penetration procedures. If training is conducted at student arranged premises same rules apply. Trainer reserves the rights to cancel training if standards are not met. Photographic evidence of off site premises must be provided to Holo Academy (HAIAA) before training takes place.

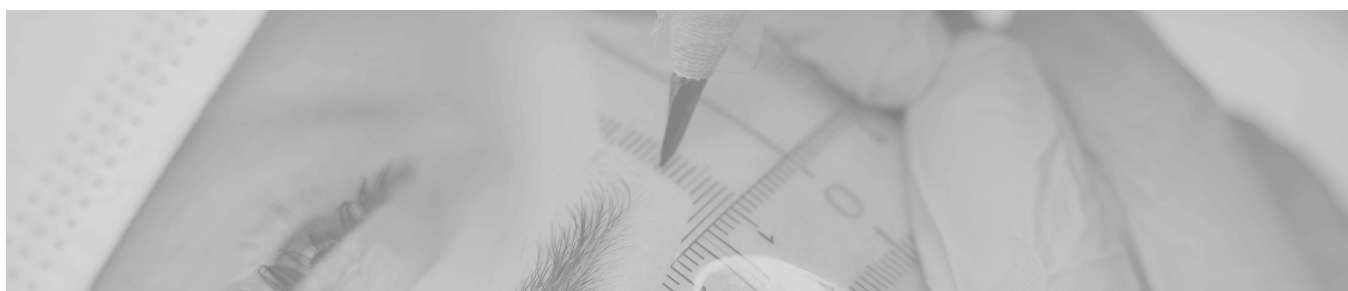

Our academy is registered and approved by local council for Skin Penetration Services and is located at **2 Claremont Avenue, Malvern 3144 Victoria**. **Classes run from 9.30am till 5.30pm Monday till Friday (dates available as per allocated timetable).**
