# Who we are

Debra Jackson is our Founder and CEO of Collaboration2gether, Inc. She is the epitome of love, wisdom, and understanding. Her vision to touch souls through the gospel of Jesus Christ in the streets of South Carolina has notably evolved into an organization of impact. Collaboration2gether, Inc, has been a pillar of support impacting communities since 2009.

Growing up in Darlington County allowed her to understand the needs of her community. At a young age she desired to build a community that reaches the whole family so we can build WHOLE families. Debra received her associate degree in human services (2003), Bachelor of Social Work (2005), Master's in Gerontology (2017) and now pursuing her doctorate in Community Care and Counseling and Traumatology (EdS).

With emphasis on saving our youth to rescuing the elderly, and everyone in between, Debra has expanded her vision to establish micro-hubs within the organization to keep her promise as a community incubator of impact. Those micro-hubs consist of sister organizations known as the following: Save our Sons, Delores Byrd-Nickelson Emergency Protection Center (EPC) for Vulnerable Adults S.C. (COMING SOON), Fervent Prayer Street Outreach Ministries, and Greater Darlington Christian Affiliations of Darlington County, SC Ministerial Alliance. We all come together as one to ensure we are a wealth of resources for those in need.

With the grace of God, we will continue to engage, embrace, encourage, and empower every community we have the privilege to serve.

Greater Darlington

The ministerial alliance is a wonderful way to connect and network with local ministries in the area. This organization is established for spiritual reinforcement in the assignments God has given Collaboration2gether, Inc. We are stronger together. We can reach more people together. Collaboration is a key part of success in any organization, executed through a clearly defined vision and mission based on transparency and constant communication.

It is our goal to partner with every minister in Greater Darlington County. We envision an organization that can send out ministers at any given moment. Whether you are a government official, or a police officer, if you are a minister, or feel that God has call you to ministry, we NEED you.

If you are interested in being a part of this great mandate, please don't hesitate to reach out. We need you. They need us. Let us serve God's people and build better communities.
