

After over twenty years of regularly scheduled classes I am now only offering classes by appointment.

I offer a one-on-one or one-on-two private class at your convenience.

I offer a class for you and a small group of friends and/or family, again arranged at your convenience.

The classroom portion takes four to five hours (depending on student questions and number of participants).

For the required shooting qualification less than 30 minutes (not counting travel time). I have arrangements made with several shooting ranges to use their facilities for the qualification.

Pricing depends on the number of participants in the class and location. Individual private classes start at \$300-\$350. For larger groups the individual cost is \$250 to \$100 per person.

All participants receive a student workbook that follows the [PowerPoint](#) presentation covering the day to day aspects of carry and laws pertaining to carry, conflict avoidance, authorized use of force and gun safety as well as several Handouts and access to resources that providing continuing training. You will go home with a Certificate of Completion accepted by all Minnesota Sheriffs as "Evidence of Training" when applying for or renewing a Permit to Carry in Minnesota. The Certificate is also accepted by the State of Florida when applying for a License to Carry a Concealed Weapon.

If this is something you would like to investigate further, please let me know. E mail is fine or can reach out by phone either text or voice.
