

COVID Safety Procedures and Policies.

Broadway City Style Dance Studio has been closely following the CDC, DOH and NYS guidelines in preparation of our reopening. We have implemented new requirements to our physical studio, our staff policies, and studio procedures in order to reopen safely which include social distancing dance spaces, a new disinfecting protocol, daily temperature reading, and mandatory mask wearing to secure the well being of all our dancers, parents and staff. We ask that all parents and students read over the policies and adhere to them to enable us to have a successful reopening and get back into the studio together where we belong.

Studio Modifications

- BCS Dance studio has upgraded the entire air conditioning system with new filters with a MERV rating above the specifications in NYS guidelines.
- All lobby and studio areas will have CDC approved hand sanitizer for use by all.
- Each studio has designated socially distant dance spaces keeping all dancers six feet apart while dancing.
- Each studio is equipped with a separate entrance to ensure proper distancing upon arrival and dismissal.

Arrival & Dismissal

- BCS Dance Studio will run a **DROP OFF ONLY** program.
- Parents/Caregivers will be asked to bring the dancer to the exterior doors. Studio A students will enter the rear door of the building and Studio B students will enter the front door of the building.
- Upon arrival all parents will wait for the student to have their temperature taken. If the temperature reading is above 100 degrees F then the student will not be able to take class that day.
- If any student has traveled to any of the HIGH RISK states listed on <https://coronavirus.health.ny.gov/covid-19-travel-advisory> you will need to quarantine for 14 days before returning to BCS Dance Studio.

Class Time

- Each dancer will need to have their own bag for any and all of their personal items including but not limited to water bottle, shoes, coat, and more. All items will be placed in their bag and held in a designated spot during class time.
- Masks **MUST** be worn in studios, hallways and bathrooms by all BCS Dance members, students, staff and parents. If a student needs a mask break he/she will be able to sit in a designated area to remove the mask while keeping a safe distance from others.
- All students must arrive in dance attire. There will be no changing clothes in BCS Dance studio, hallways or bathrooms.
- Class sizes will be minimized to adhere to the NYS guidelines.

Disinfecting

- All studios, hallways and bathrooms will be fogged with a CDC approved disinfectant every evening after all students have left.
- Classes will be shortened by 5 mins to enable the staff the time needed to disinfect all high touch surfaces in between each class.
- Equipment (ie, mats) will not be shared and if needed will be assigned per student and only used by that student. All equipment will be disinfected after each class.
