

LESSON PLAN

MEM Music Inc.

Page 1 of 1

30 minute lessons:

- * warm-up with exercises and scales
- * play the assigned pieces to see how well the student practiced at home
 - notes
 - fingerings
 - rhythm
 - musicality
- * review and correct the writing assignments: names & values of notes, rhythms
- * learn new music or reinforce previously assigned music for more practice
- * write new homework for writing assignments: names & values of notes, rhythms
- * answer questions

Objective for the student:

- * to advance at his/her own pace and understanding level
- * to learn to read notes and their values
- * to learn to count rhythms
- * to learn how to perform before a public audience as a soloist
- * to learn how to perform with an ensemble as a group instrumentalist
- * to accomplish a higher level of performance
- * to understand the value and musicianship of the great masters in history
