## New High Resolution Super Vibrant printing

Promoflags™ are the latest product to hit the outdoor promotion market. They get our message out with a system you can set-up in minutes with out electricity. Available in 8', 12' & 15' sizes with a variety of mounting options. The flag rotates on sealed bearings so flag does not wrap around the pole, and is locked in to the base by a steel pin so it can not be taken out by the wind or vandals. The pole system is built with 3 pieces of aluminum pole that are connected by shock cord and a stainless-steel whip that inserts at the top. The Promoflags™ design is made so that the flag stays readable even when there is no wind, and with even a slight wind it waves gently to attract your eye.

### Included with each Promoflag™

- Bag (500 denier) with carry strap and 3 compartments to keep your flag, stand and poles separated.
- Powder-coated steel ground stake with locking pin. Upgrades to other mounts available
- Heavy duty aluminum/steel pole with ball bearing system for smooth turning
- Flag with full color digitally printed graphics.

#### Artwork :

Pricing includes imprint on every other panel except the Square (4-panel) umbrella include all 4 panels. Artwork must be formatted as print-ready vector or .eps format. Additional charges apply for modifying artwork.

#### Options :

Valances : All Styles can be made with or without valances at above pricing. Logos on Valance additional depending on logo design.

Wind vents : All styles can be made with wind vent for \$6 (S) additional charge.

- MODERN LOOK similar to iPad styling
- BRIGHT LED LIGHTING makes your message stand out. LED's last up to 50,000 hours so it's safe to leave on 24 hours a day with very low power usage.
- EASY CHANGE GRAPHICS, front panel is attached with magnets and you just peel it back, change graphic and magnet front panel back into place.
- THIN ALUMINUM FRAME is lightweight but strong and can mount directly to wall with screws to prevent removal.
- HIGH RESOLUTION FULL-COLOR GRAPHICS look better than an iPad or TV mounted on the wall.
- INSTALLATION can be done vertically or horizontally. Easily screwed to wall

#### Complete Frame & Graphic

4 x 8	Banner-4 x 8	\$106.56
Setup Fee: \$25 (v)		

**This is fully digitally printed on 13 oz. thick vinyl material especially designed for indoor or outdoor use. Finishing includes hemming and grommets.**

To ensure the best quality print, we require that digital files for banners and other wide format prints meet the following requirements:

#### **Vector Files**

For optimum quality, vector Adobe Illustrator (.ai, .eps) files are preferred

#### **Text / Fonts**

All fonts should be converted to outlines/paths. If your fonts are not converted, your design may not be printed the way it was meant to be.

#### **Raster Images**

If raster images are present in your design (non-vector images or photographs), make sure they are embedded into the art file, or included in a separate folder. Files can be scaled down to any size, as long as the size is proportionate to the final product size, however, for the best quality print, please ensure that image resolution is no less than 120 dpi at full print size.

#### **Hems & Grommets:**

If your banner is getting hemmed & grommets, please keep any important text or graphics away from the edges and corners to allow for sewing and grommet placement.
