

Duty of Candour Annual Report
1st April 2020 – 31st March 2021
Housing Support/Care at Home

DUTY OF CANDOUR REPORT

In Scotland, all health and social care services have a duty of candour. This is a legal requirement which means that every healthcare professional must be open and honest with clients when something that goes wrong with their treatment or care causes, or has the potential to cause, harm or distress. Services must tell the client, apologise, offer appropriate remedy or support and fully explain the effects to the client. It also allows for organisations to learn how to improve for the future.

Under the duty of candour, an important part is that we provide an annual report on how this is implemented in our services. This report describes how Abbeyfield Strathaven & District Society Ltd – Housing Support Service/Care at Home, has operated the duty of candour between 1st April 2020 and 31st March 2021.
