---

OWNERS MANUAL

# NUTRITION

---

- Kitten Food 0-6 Months
- Kitten / Adult mix 6- 12 months
- Adult 12 months and up
- Canned 6 weeks and up
- Chicken Recipe 8/10 weeks and up
- Fresh running water available constantly

# KITTEN ROYAL CANIN

---

- We recommend all the Royal Canin brand for soft and hard food. There is a kitten food just for Maine Coons... But it is more expensive and only the shape is different.

# ADULT ROYAL CANIN

---

- Size does matter with Maine Coons! You will notice that the kibbles are large and shaped in a square. There are 2 reasons why this is important!
- 1- The size of their jaws require a kibble that will fill their mouth.
- 2- The Kibble helps keep their gums healthy and works off any plaque that could cause an infection.

# CHICKEN RECIPE

---

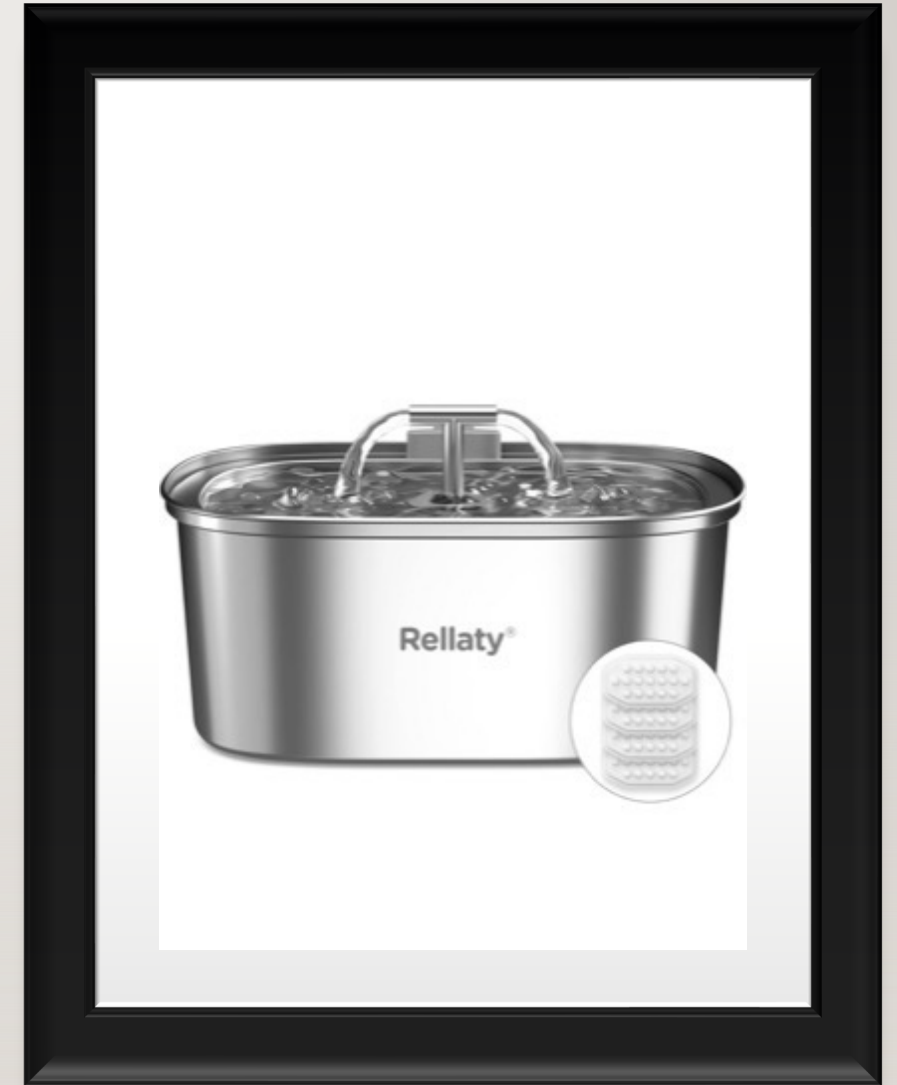

- Slow cook, or Pressure cook
- 2 chicken breast
- 2 large carrots cut
- 1 cup of chicken bone broth
- Cook, shred all together and serve.
- This will make several meals. Refrigerate and reheat each serving individually.

# WATER... AND A LOT OF IT!

---

- Maine Coons love running water and drink a significant amount daily. Your kitten has been raised on a fountain like this. Amazon has so many to choose from.
- Keeping it clean. Make sure to wash the fountain out and change the filter regularly!

# GROOMING

PREVENTING KNOTS IS THE MOST IMPORTANT FUR CARE THERE IS. BRUSH WITH A SLICKER BRUSH AND/OR COMB. NAIL CARE IS IMPORTANT AND YOU CAN CLIP THEIR NAILS!!! GET YOUR CAT USED TO YOU TOUCHING THEIR FEET AND USE THE NAIL SCISSORS TO GIVE THEM THE PERFECT MANICURE!
