### WE NEED RANGE BALLS

Our practice area has become so popular that we are in need of many more range balls.

If you have an excess of golf balls in your garage, or just boxes of old balls, please consider donating them to Turkey Creek. We don't have enough volunteers to pick up the range as often as needed, so we need more balls (or volunteers). Call us and we will pick up what you have. Thanks.

### THOUGHT #4... BE KIND

First, let me say thank you again to all of the volunteers at Turkey Creek.

We do our best to please everyone, but the person in the pro shop may be a little busy, what with answering the phone and taking care of the people ahead of you. So, don't even think about being unkind.

Maybe you should become a volunteer too?
