## Instruction

Alain Trudeau, PGA of Canada

### Free Introductory Golf Clinic

An introductory golf clinic for adults of all ages will be held every Saturday at 4:00 pm at the Turkey Creek Golf Course practice facility. There will be no charge for the introductory lesson.

If you don't have any clubs, there will be some available but bring some clubs if you have access to some.

The clinic will focus on the basics of the golf swing taught by Alain Trudeau, PGA of Canada, teaching pro at Turkey Creek Golf Course.

This introductory clinic teaches the fundamentals of golf as Turkey Creek Golf strives to "grow the game."

Please call the Pro Shop at 386-518-6815 to sign up for the clinic.

---

John Stevens, Golf Instructor

John Stevens has played and taught golf since 1968 and has had the opportunity to learn from some of the best teachers in the South. Craig Bunker

---

of John Jacobs Golf Schools and Mike Bender in Orlando are big influencers on teaching methods. The Jacobs schools focused on controlling ball flight, and Mike Bender has been a pioneer in developing training aids that assist in communicating the club and body movements.

John's teaching focuses on children and beginner/intermediate golfers, focusing on Grip, Aim, Stance, Posture - GASP. For children, the focus shifts to learning the swing from impact back. This approach works for all ages and helps senior golfers of all shapes and sizes. In addition, John emphasizes learning to score from the hole back to the tee.

---
