

Flat Rolled Products

Copper & Brass Alloys

Copper Grades - C101, C102, C107, C110, C120, C122
Brass Grades - C260, C272
Bronze Grades - C220, C230, C330
Copper Nickel Grades - C706, C715
Phosphorus Grades - C510 C544
Available in sheet and coil form
Thickness - Starting at 0.0008"
Width - Up to 36" wide

Stainless & Duplex

Austenitic - 304/L, 309, 310, 316/L, 317/L, 321, 347
Ferritic - 409, 430, 439
Duplex Grades - 2205 (S31803), 2507 (Super Duplex)
Annealing, surface finishing and surface cleaning
Available in sheet and coil form

Aluminum

Grades - 1050, 1100, 3003, 3105, 5052, 6061
Annealed or Tempered
Thickness - Starting at 0.0008"
Available in sheet and coil form

Titanium

Grades - Grade 1, 2, 4 and 17 available
Titanium Alloys - 6AL-4V
Thickness - Starting at 0.0008"
Available in sheet and coil form

Nickel Alloys

Grades - Nickel 200, 201 Monel 400, 500
Hastelloy C22, C276
Inconel/Incoloy 600, 625 and 800
Thickness - Starting at 0.0008"

Ask us about:

- ▶ Custom tolerances, PIW, OD/ID available for all materials above
- ▶ Stocking programs available
- ▶ Polishing, surface finishing available
