GROUP VOICE

- Seasonally offered for 6-8 week sessions. Contact Janine for details.

GENERAL LESSON AND PAYMENT DETAILS

- o Lessons are weekly and given at Janine's in-home studio, unless other arrangements are made.
- o Some months have 4 lessons and some have 5 (depending upon the month and the weekly lesson day). These are the same price, but the fifth week may be considered a make-up week, if needed.
- o Students who meet Janine at schools may not get 4 lessons in some months due to non-school days. Because of this consideration, the travel fee is waived for these students. (see below)
- o An invoice will be emailed out each month. You may pay online from the invoice (preferred,) send payment via Venmo, or send a check. Cash not accepted.

TRAVEL FEE

- If you would like your lesson to be at a different location than my in-home studio, a travel fee of between \$10-\$20 will be added to the price of monthly tuition. The fee will depend upon the distance traveled each week.

SHEET MUSIC

- Students are expected to buy and/or print out their own sheet music. o Whenever possible, sheet music loaned out.
 - o Sometimes sheet music will be bought by Janine and the student will reimburse.
 - o Other times, the student will be given information to buy it on their own.
- Students are required to bring their sheet music to every lesson. Two (2) copies of the music are helpful so that we each have a copy in front of us.

RECITAL FEE

- In lieu of ticket sales, a Spring Recital Fee may be added of \$10-\$20 per student in the month of June. The exact amount will be set once the location has been secured for the Spring Recital.

****a late fee of \$10/month is assessed if full payment is not received on or before the 15th of each month.***
