**Vote NO
on Florida
Constitutional
Amendment 2**

Why Voting “NO” on Amendment 2 Protects Florida

1 “Traditional Methods” = Cruelty to Animals

The term **“traditional methods”** is [intentionally vague](#) and will enshrine in our constitution barbaric practices like steel-jaw traps, snares, clubbing, bear hunting with hounds, and gill nets - methods widely outlawed for their cruelty.

2 Undermines Non-Lethal Wildlife Management

By making hunting and trapping the **“preferred means”** of wildlife management, Amendment 2 [shifts the focus](#) from humane, science-based methods to lethal methods.

3 No Threat to Hunting & Fishing Rights

Amendment 2 proponents **falsely claim** that these rights are under threat. Florida state law already guarantees the right of every Florida citizen to hunt and fish ([Fla. Statute §379.104](#)).

4 Legislators Removed Private Property Protections

Amendment 2 implies that an individual's right to hunt, fish and trap [supersedes private property rights](#) - enabling hunters and hunting dogs to trespass on private property and discharge firearms in pursuit of wildlife.

5 Special Interest Power Grab

Amendment 2 will be used to [override Florida's 30-year ban on gill nets](#) that decimate fish populations and kill whales, dolphins, sea turtles, and seabirds. It will be used to expand hunting into state parks and wildlife preserves. It will also open the door for trophy hunting of Florida Black Bears.
