

```
; Exercise 15 - Reverse Array Using Stack
; Purpose: Use push/pop to reverse a small array.
; #belleswhoshell.ca
```

```
section .data
arr dd 1,2,3,4
len equ 4
```

```
section .text
global _start
```

```
_start:
    ; TODO: push elements then pop them back into memory in reverse order

    ; exit
    mov eax, 60
    xor edi, edi
    syscall
```
