Gestingthorpe Parish Council Audit Y/E 31st March 2022

As with the previous year the y/e 31st March 2022 started unusually because of the National restriction on public meetings but physical Meetings have recommenced. It can be confirmed that correct Notices were given to the public and Parish Council Members.

With the full use of internet banking the security of the finances has been robust. Full details were provided for each Meeting and match the records now reviewed.

All expenses were confirmed by appropriate paper invoices and likewise income matched that expected including the pavilion rent.

The Records are well kept and neatly stored so it is recommended that A/cs for the Y/E 31st March 2022 be based on the figures recorded.
