(ii) There may be official practice days announced prior to the first day of competition. Any official practice days will be announced prior to the off-limits. Unless otherwise specified, all official times are time zone-specific to the local host community. The competitor must know and observe these dates. During any posted off-limits, practice and competition, anglers cannot solicit, gather or intentionally receive any information from anyone other than another competitor in the tournament. **NO EXCEPTIONS. Competitors may only fish with other competitors during official practice.** Flying over tournament waters, other than a ticketed commercial airline, is prohibited during official practice and competition unless approved by the Tournament Director. The use of drones for the purposes of locating or catching fish or to gain a competitive advantage is prohibited in both official practice and competition. **During the official practice, competitors are not allowed to live well or keep any bass unless they have permission from tournament officials.**

During official practice, no practicing at night, defined as beginning at 30 minutes after local sunset and ending 30 minutes before local sunrise, including running to and from a fishing location. In practice and competition, when running in low light conditions, running lights should be in operation.

(iii) Anglers renting boat slips may launch and proceed immediately to slip location. Testing of engines after the weigh-in is only allowed with permission from the Tournament Director. **NO EXCEPTIONS.** During the official practice and during the tournament, a competitor may not "SKIN DIVE" or "SCUBA DIVE" in the tournament waters.

(iv) No competitor may buy or barter a fishing location from anyone for use during any competition day. **Once tournament officials determine daily cuts, competitors not making the cut are no longer considered in the tournament. Competitors making cut may not receive information under Rule 3 (ii).**

(v) During the official competition days of the tournament a competitor may not make cell calls for the purpose of locating or catching fish on tournament waters. Cell phones may be used for emergencies only! Competitors are allowed to call lock-masters for locking purposes only. (vi) A designated tournament official must be granted access to the competitor's boat at any time during the official practice or competition days. Failure to grant such access may result in immediate disqualification.

(vii) **Each competitor/team agrees to report to the Tournament Director immediately any violation or infraction of any tournament rules. Failure to report violations or suggestions to another competitor/team that they violate these rules or false verification of weigh-in forms will be cause for disqualification. OFFICIAL PROTESTS MUST BE FILED IN ACCORDANCE WITH RULE 1 ("Rules and Penalties"). ALL PARTIES OF INTEREST MAY BE PROVIDED A COPY.**

By his/her signature on the official tournament entry form, each competitor/team agrees to submit to a truth verification test and abide by its conclusion should he/she be accused of any rule violation. The CBATT Tournament Director, rules committee or such person designated by the Tournament Director shall have the discretion to determine the need for a truth verification test. Failure of a truth verification examination is not appeal-able. The CBATT Tournament Director or his/her designee shall be responsible for selecting an independent expert to administer and interpret the results and establishing, in consultation with the expert administrator, the scope of the questions which may be asked during the test. The CBATT Tournament Director or his/her designee shall have sole responsibility selecting the location, date, and time of the test, with respect to all concerned parties schedule and travel cost. The competitor/team shall make themselves available at the location selected by the Tournament Director and shall cooperate in all respects with such test. Anglers taking a truth verification test may be responsible for all costs incurred. Random truth verifications tests may be administered on site during the course of a CBATT event.

4. REGISTRATION:

Each competitor/team must register in person with the official CBATT tournament staff at the time and place designated in the schedule of events. Failure to register/check in, in person, during the prescribed hours may result in a \$\$\$ fine. **Entry fees are nonrefundable and nontransferable, unless requested before the Saturday prior to that Wednesday event. Anglers who are on a waiting list will be refunded the entry fee if they have not been confirmed in the tournament for which they are registered.** Any late competitor/team, who has not contacted the CBATT Tournament Director within 15 minutes after the tournament morning briefing, may be disqualified from participating in the tournament. **It shall be each competitor's/team's responsibility to either check the schedule of events for the registration/check-in time and location or obtain times from the CBATT Tournament Director or TD designee.**

5. SAFETY:

(i) **Safe boat conduct must be observed at all times by competitors. During the official practice and competition, each competitor must wear a U.S. Coast Guard-approved chest-type life preserver anytime the combustion engine is in operation and in gear.** This preserver must be strapped, snapped or zippered securely, and must be maintained in that condition until the combustion engine is shut off. Inflatable life vest indicators should be checked daily. Violation of this rule may be reason for disqualification.

Inflatable PFD's are allowed as long as U.S. Coast Guard regulations are met. The U.S. Coast Guard requires that inflatable PFD's must be worn at all times unless there is an equal number of non-inflatable U.S. Coast Guard approved PFD's on board.

(ii) It is suggested, the boater have a safety check with his/her partner prior to launch to familiarize the location of all safety equipment.

(iii) It is recommended each contestant successfully complete a boating safety course. Boating safety certification, or a "grandfathered" exception, may be required in certain states. Boating safety courses are available online and should carry an endorsement by the National Association of State Boating Law Administrators or NASBLA.

(iv) When boating in low visibility situations i.e. fog, heavy rain, during both practice and competition, competitors must operate their boats at a safe speed and in a safe manner as determined by tournament officials.

(v) Radar units permanently mounted in the boat, subject to approval by B.A.S.S., may be approved for competition.

(iv) Tournament officials have the right to delay, shorten or cancel the start of an official tournament day because of bad weather or other factors that would endanger the safety of the competitors. Tournament waters may also be restricted at any time because of bad weather. Weather delays on full field days, resulting in half of the tournament day being lost (first flight take off and check in), shall result in cancellation. Full fields may be carried over to cut days.

(v) **CBATT reserves the right to impose boat speed limits during any or all tournaments.** Whether or not to impose a speed limit, the area covered by the speed limit and/or the actual speed limit imposed shall be left exclusively to the discretion of the Tournament Director.

(vi) **IN THE EVENT OF AN EMERGENCY SITUATION, COMPETITORS SHOULD CALL 911 FIRST AND THEN NOTIFY TOURNAMENT OFFICIALS AS SOON AS POSSIBLE.**

(vii) **COMPETITORS ARE ALLOWED TO LEAVE THE BOAT AND SEEK SAFE SHELTER IN BAD WEATHER WHERE DANGER MAY BE IMMINENT.**

6. SPORTSMANSHIP:

Competitors in CBATT tournaments are expected to follow high standards of sportsmanship, courtesy, safety and conservation. Any infraction of these fundamental sporting principles may be deemed cause for disqualification.

(i) Use of alcohol or drugs (other than those drugs purchased over the counter or prescribed by a licensed physician) by any competitor during the official practice or during the tournament will not be tolerated and shall be cause for automatic disqualification from this and all future CBATT tournaments. **No alcoholic beverages or prohibited drugs shall be allowed in the boats during the official practice or competition days or when in the weigh-in area.**

(ii) Maximum courtesy must be practiced at all times, especially with regard to boating and angling in the vicinity of noncompetitors who may be on tournament waters. Any act of a competitor which reflects unfavorably upon efforts to promote fisheries conservation, clean waters and courtesy shall be a reason for disqualification.

(iii) All competitors are bound by the prevailing statutes and regulations of the various states within which they fish. Some regulations may differ from these rules resulting in fines, citations or other penalties at the discretion of law enforcement and may or may not result in tournament penalties. Competitors are responsible for research of fishing and boating regulations.

(iv) In both official practice and competition, competitors are required to have all licenses and permits required on the tournament waters in which they fish.

7. ANGLER CODE OF CONDUCT:

Anglers participating in any B.A.S.S.-sanctioned event shall observe this code of conduct and the applicable rules for the specific event in which they are participating. Anglers and family members of anglers shall, at all times, conduct themselves in a professional manner that demonstrates integrity, honor and respect toward fellow competitors, tournament staff and the general public and does not reflect unfavorably on the CBATT, B.A.S.S., its members, officers or representatives, tournaments or sponsors.

Anglers are frequently in the public eye and are considered role models by young people; therefore, it is imperative that tournament competitors demonstrate good sportsmanship in fishing. Sportsmanship is defined as fair play, respect for opponents and polite behavior while competing in the sport.

- (i) The following are examples of unacceptable behavior by competitors or family members of competitors in B.A.S.S. sanctioned events that will be cause for penalties as outlined in this document.
- Heated public disagreements with CBATT officials, other competitors and fans and volunteers during an event.
 - Public attacks through media, including social media, upon the integrity of CBATT rules or officials.
 - Public comments that an angler or family member knows, or should reasonably know, will harm the reputation of CBATT/B.A.S.S. officials or its sponsors
 - Displays of anger and displeasure for reasons related to fishing competition where members of the public, including other anglers, spectators and the media, are present.
 - Publicly questioning or criticizing a tournament official or official decision, ruling or penalty except through the proper channels.
 - Abuse (physical, verbal, threatening or slanderous) of tournament officials, volunteers, fellow competitors or others connected with a CBATT/B.A.S.S. event, including on social media.
 - Offensive or slanderous comments with racial, cultural or sexual overtones regarding event officials, event personnel or fellow anglers.
 - Intentionally interfering with a fellow angler's ability to compete.

Any disqualification, suspension or other disciplinary action imposed by any tournament or fishing organization may result in disqualification from competition and rejection of an application for participation in a B.A.S.S. sanctioned tournament.

- (ii) Chemical substance addiction or abuse, conviction of a felony or crimes involving moral turpitude, may be grounds for disqualification from competition and for rejecting any application for participation.

Any angler who violates any of the provisions of the Sportsmanship Rules or the Angler Code of Conduct may be subject to fines, reduction of points, forfeiture of tournament winnings, and/or suspension from competing in individual CBATT/B.A.S.S. sanctioned events, permanent ban from competition or any combination thereof deemed appropriate by CBATT/B.A.S.S.

8. TACKLE AND EQUIPMENT:

Use grippers for landing bass is prohibited during tournament competition. Nets are allowed during tournament competition. During practice and competition no more than one artificial or biodegradable artificial lure may be attached to a line at one time. One lure is defined as a single man-made device designed to attract and/or catch one fish at a time. Adding trailer hooks, plastic trailers, blades, etc., to a single lure is acceptable. If multiple fish are caught on a single man-made lure, on a single cast, all fish are considered legal and may be added to the daily catch subject to the scoring rules detailed in Rule 17 ("Scoring"). No "live bait," "dead bait," or "prepared bait" will be permitted during official practice and competition, with the exception of pork strips or rinds. Any umbrella-type rigging, harness, or other device designed to hold more than one lure at a time – **with or without hooks** – is not allowed. Such rigging, harness, or device cannot be added to a single lure as described above.

Twin arm spinnerbaits, twin arm underspins and twin arm buzzbaits are allowed. Trailer hooks and plastic trailers of twin arm baits must be on the main hook of the bait; only spinner blades can be affixed to the arms. The head on the main stem may be hinged. On these twin arm baits, no more than two wires, with a maximum length of 6 inches, may extend off the main arm or body of the lure at the head or line tie point. The bend of the main hook must be even or trail behind where the blades attach to the wires. B.A.S.S. officials have the sole authority to determine whether a lure is considered a single lure as defined above.

Only ONE casting, spin casting or spinning rod (10-foot maximum length from butt of handle to rod tip) and reel may be used at any one time. A hung or snagged lure that is not in or on the water is not considered in use and may be set aside while another is in use. Other rigs as specified above may be in the boat ready for use; however, only ONE is permitted in use at any given time. If a competitor breaks his line while setting the hook or retrieving a fish, competitor is allowed to make an attempt with the rod being used or with his hands to secure the visible line and land the fish for it to be counted as legal. Competitor may NOT hook the line with another lure, rod and reel, or other device. The use of braid or other line to attach one stinger hook (single or treble) is allowed but cannot be over two inches in length.

No competitor may intentionally snag or foul hook a bass to be counted in their daily catch. Anyone guilty of snatching or snagging visible fish will have his or her catch disqualified. When visually fishing for bedding bass, to be counted as a legal fish, bass must be hooked inside the mouth and must be verified by your partner before being unhooked. With the mouth closed naturally, you must not be able to see where the hook point enters the fish to be considered hooked inside the mouth.

Competitors, including those who have been "cut" from competition in an event, are allowed to share baits and tackle with one another at any time.

Any questionable lure or rigging device must be brought to the attention of the Tournament Director prior to the first day of competition.

9. HORSEPOWER REGULATIONS:

Maximum horsepower for all outboard motorboats used in official tournament practice and in tournament competition will be **250 HP**. Horsepower cannot exceed the limitations set by the U.S. Coast Guard. When required, each boat must have a U.S. Coast Guard horsepower-rating plate attached to the boat by the manufacturer. The horsepower of the outboard engine must **NOT** exceed the rating specified on this plate nor the horsepower maximum set by B.A.S.S. Each competitor agrees to submit, by their signature on the official entry form, the boat and outboard motor used in the tournament, to an inspection by factory-trained personnel, if there is reason to suspect the horsepower is in excess of the rating. Normal maintenance of engines is allowed. Changing or altering standard factory parts of a competitor's engine to increase the horsepower over the factory horsepower rating, is forbidden and will result in disqualification. Falsifying information on entry forms, or altering the horsepower-rating numbers on the engine, is also cause for immediate disqualification from B.A.S.S. sanctioned tournaments. Posted speed limits and those imposed by CBATT or B.A.S.S. must be observed and all boats must be operated in a safe manner. Violations of speed limits shall result in loss of competition hours and not limited to disqualification.

10. BOAT AND MOTOR:

These restrictions apply during official practice and competition. For the safety of all competitors, all boats must be equipped with an approved type of operable ignition kill switch and lanyard. Only one manufactured lanyard may be used and it must be attached to the driver's body any time the combustion engine is operating and in gear. Any time the combustion engine is operating and in gear, there must be a driver in the driver's seat in full control of the boat and all passengers must be seated with their feet on the floor of the boat. Fishing boats that are 16 feet or more in length may be used and must be equipped with wheel steering. No other steering device will be permitted. Any raised platforms or decks cannot be higher than the gunnels of the boat. Standing on the outboard or seats while fishing, is not allowed. An electric trolling motor may be used for slow maneuvering. However, trolling as a method of fishing is prohibited. **The "LONG LINING" or "STROLLING" technique is NOT allowed in both official practice and competition and defined as intentionally using a trolling motor or outboard to mechanically extend a cast. NO EXCEPTIONS. Only gas tanks that are installed by the boat manufacturer are allowed.** No portable gas tanks or containers capable of holding gasoline can be placed anywhere on the tournament waters or shoreline for use by any tournament competitor. No "barges" or similar craft will be permitted. **Jet drive engines and tunnel hull boats are not allowed during both official practice and competition.** Any boat/hull designs other than standard mass produced units are only allowed at the discretion of tournament officials.

11. BASIC BOAT EQUIPMENT:

During official practice and competition, every boat must have all required U. S. Coast Guard safety equipment and a functional bilge pump. **During official competition,** every boat must have live-well space, properly aerated, to adequately maintain alive, a limit catch of Bass. B.A.S.S. recommends livewells be maintained at full level and aerators/re-circulators on manual. Tournament officials shall have the sole responsibility for determining whether aeration and capacity is proper and adequate.

12. BOAT IDENTIFICATION:

Prior to each day's start, each boat must be given an inspection check by a tournament official. Each day, each boat may be given a number, which **must** remain with the boat. This number must be displayed upon the request of tournament officials, and at each check-in.

13. BOAT OPERATION AND EXPENSE:

During the competition, anglers are allowed to fish from anywhere inside the boat. All cost of boat operation is the responsibility of the competitors.

14. PERMITTED FISHING LOCATIONS:

Tournament waters shall be established by the Tournament Director for each tournament. Each competitor/team must obtain this information from the CBATT Tournament Director. Any water within these boundaries posted "Off-Limits" or "No Fishing" by state or federal agencies as well as the live-release area established by the Tournament Director will be **OFF-LIMITS** and will be announced at the Tournament Briefing. Only the water open to **ALL** public fishing will be considered tournament waters. Waters deemed off limits by authorities or tournament officials should be treated like a wall. No boats or casting behind that boundary while fishing. All angling must be done from the boat. In states where landowners have the legal authority to claim private property, these areas must be posted or they will be considered tournament waters unless instructed otherwise by tournament officials at any time during the event. If forced to leave, a competitor must report the incident to tournament officials as soon as possible. Any water to which a competitor is barred access becomes off-limits to all competitors.

Prior to 8 a.m. local time the day before the tournament is scheduled to begin, any questionable areas must be brought to the attention of tournament officials to be considered tournament waters. Questionable areas will be off limits until a determination can be made with authorities and may be announced in the briefing or via text for all to know unless determined otherwise by tournament officials.

Tournament officials reserve the right to restrict or enhance tournament waters based on conversations with local authorities. Competitors are not allowed to cut, remove, displace, or engage in any type structure removal from private property (dry land) during off limits period, official practice or competition. Moving structure to including the sawing of logs or other obstructions in the water is only allowed if laws permit. No competitor may place any object that may impede or cause danger to boaters.

15. COMPETITORS MUST REMAIN IN BOAT:

During the competition days, competitors must not depart the boat to land fish or to make the boat more accessible to fishing waters. You are not allowed to use a winch, pulley, come along, rope, or similar device/tool to gain access to tournament waters. **Competitors may not shift a majority of their weight outside of the boat and onto a dock or other object outside of the boat for the purpose of landing a bass or accessing a fishing spot.** A bass that cannot be landed without the angler leaving the boat or shifting a majority of their weight outside of the boat must be released immediately. While landing a fish, an angler is allowed to protect their boat by shoving it away from an obstacle as long as a majority of the angler's weight is inside of the boat. Competitors are allowed to leave the boat to retrieve a lure. All fishing by that competitor must cease until the competitor is back in the boat. Only then may another cast be made.

Boats must remain in tournament waters during tournament days. Competitors must leave from and return to official checkpoints by boat. Both competitors must remain in boat at all times except in case of dire emergency or with permission from the Tournament Director. Exceptions spelled out in Rule 5 ("Safety"), 15 and 18 ("Catch and Release"). In such an emergency, or with permission from the Tournament Director, competitors may be removed from their boat to either a boat operated by other competitors or a rescue boat designated by the Tournament Director. Partners must remain together at all times, in sight of each other and their catch under the conditions cited above, in order for their catch of that day to be scored in the tournament with the following exception. **In breakdown situations and with a tournament official's permission, one partner may transfer their boat's fish to another competitor's boat and ride to check in, and they may leave their partner with the disabled boat. In such cases, the partner must stay with their catch at all times and the assisting team should verify the catch. Any angler whose boat is disabled and rides with another competitor or rescue boat to weigh in is not allowed to fish.** In the event of a needed restroom break or a refueling situation at a marina gas pump, contestants are allowed to leave the boat, at which time all fishing must cease until partners are back together in the boat. If a competitor violates any of the above conditions, (to contact a tournament official by phone or other means or to report an emergency or breakdown), both competitors must cease fishing at this point, and their catch must be verified by a tournament official in order to be counted in the tournament. If, after the emergency is resolved by tournament officials, and enough time is left for the competitors to resume fishing, a **RESTART** will be allowed, the competitors will continue and their catch will be counted. This applies only to dire emergencies as determined by the Tournament Director or his/her designee. Towing boats on trailers during tournament hours is prohibited, except by the direction of tournament officials.

16. OFFICIAL CHECKPOINTS:

There shall be only one official checkpoint for checkout in the morning, and one official check-in point in the afternoon, which points shall be designated at the tournament briefing. Failure to go through boat check and checkout in the morning or failure to check-in at the check-in point in the afternoon may result in disqualification. At the time of checkout, all competitors and their boats shall be in full conformity with all rules set forth by the Tournament Director. At check-in, all boats shall identify themselves by means of the numbers described in Rule 12 ("Boat Identification") and proceed immediately to the designated weigh-in area. Once bass are bagged for weigh-in, anglers do not need to accompany their partner through the weigh-in process.

17. SCORING:

Tournament standings, contingency awards and final winners shall be determined by the pound-and-ounce weight of each team's catch during the competition days of the tournament. Only Largemouth, Smallmouth, Spotted, Redeye or Shoal bass will be weighed. The limit shall be **two (2)** of the above species and varieties per day, unless otherwise specified by tournament officials (example: hot weather/fish care concerns). At no time shall a team have in their possession more than the tournament limit. If a team determines they have over the limit, they must immediately reduce their catch to the tournament limit with a live bass of their choice from their catch. Each returned bass will result in a 2-pound penalty to be deducted from their daily score. In this case, teams must attempt to notify tournament officials and, if unsuccessful, must notify officials at check-in. Once a team checks in they must present all legal bass to tournament officials at the verification table. If teams at the verification table have more than the tournament limit, the team will reduce with live bass to the tournament limit and each returned bass will result in a 2-pound penalty to be deducted from their daily score. If a team has their fish verified and weighed and upon returning to the boat discovers additional fish over the tournament limit that were not presented to officials they then must notify tournament officials within one (1) hour of final flight check-in to receive a 2-pound penalty for each bass discovered. Failure to notify officials after one (1) hour of final flight check-in time will result in the loss of a day's catch.

Anglers who present fish at the verification table with fin clips attached will be issued a 4-ounce penalty per clip. A man-made or foreign object(s) connected to a bass, outside of natural causes, will not be weighed and shall be removed by tournament officials. Competitors are not allowed to replace anything attached to a bass or regurgitated by a bass to be included as part of their catch. The official length for bass shall be determined by the Tournament Director and announced at the tournament briefing. In most cases, it will be the longest state limit covering the tournament waters. Only bass as described above which measure the official length or more on the longest straight line shall be weighed. Bass presented for weigh-in which fail to measure the official length shall result in a penalty of 1 pound for each such bass, which shall be deducted from the total score of the team. Any bass that appears to have been mangled, mashed, mauled or otherwise altered will be weighed and credited only at the discretion of tournament officials. After teams check in at the official checkpoint they **MUST** present all LEGAL fish in their possession to a tournament official to be counted, measured and weighed. Once a team's catch is measured, counted and verified by a tournament official, that team may not return to the boat until their catch has been weighed and recorded. Bass must not be placed on a stringer at any time during the tournament. Culling tags or clips are allowed. Specially designed bags, which increase survival rate, will be furnished by the Tournament Director and must be used for the weigh-in.

18. CATCH AND RELEASE:

CULLING OF DEAD BASS IS PROHIBITED. For each legal dead bass presented to weigh-in officials, the team shall be penalized 4 ounces. Competitors are allowed to ice a dead fish that is part of their daily catch. The Tournament Director or designees shall have sole authority for accessing penalty points. In addition, the Tournament Director or designees may reduce tournament hours or tournament limits for fish care purposes. It is suggested in warm-weather tournaments that anglers keep extra ice for fish care. Teams are allowed to purchase ice on the water; however, they are not allowed to receive ice from noncompetitors. For fish care concerns, the verification table will open one (1) hour before the check-in time of the first flight. **SMALL DIP NETS FOR CULLING PURPOSES ARE ENCOURAGED.** It is recommended teams keep all bass in livewells during the culling process. Placing bass on the boat carpet during culling is not advised. Only nonpenetrating culling clips and culling beams are allowed for use. Any clip or device that penetrates or is designed to penetrate the skin or mouth of a fish is not allowed. Proper fizzing technique is suggested when needed. For instructions on acceptable fizzing practices, please view YouTube.

19. LATE PENALTY:

Teams who are not at the official check-in point, as described in Rule 16 ("Official Checkpoint"), at the appointed time, shall be penalized at the rate of 1 pound per minute late to be deducted from the total weight of their catch that day, including any weight to be counted toward a "big bass award". Any team more than 15 minutes late shall lose all credit for that day's catch. There shall be no excuse for tardiness and in no case shall a team be allowed to make up "lost time." After proper recognition at the check-in point, teams will be allowed ample time to proceed to the weigh-in site; however, all fishing must cease upon check-in. After the tournament begins, fishing the tournament waters is prohibited except during the tournament hours. Exact starting and check-in times will be announced at the tournament briefing. It is each team's responsibility to confirm check-in times each day.

20. TIES:

At all CBATT tournaments, including the Championship, in the case of a tie that is not resolved by the following three (3) tie breakers, there will be a sudden-death fish-off between the tied teams, under the direction and special rules established by tournament officials.

The following tiebreakers will be used in the following order: (1) Largest number of legal **live** fish weighed during competition; (2) If the tie is not broken, the next tiebreaker will be the heaviest single fish caught during competition; (3) If the tie is not broken, the next tiebreaker will be the largest second fish weighed during competition.

If the tie is not broken by applying the foregoing procedures, including the Fish-Off, the tie will remain a tie, and monetary prizes will be awarded those teams in an equal amount between the tied teams from the placement and following placement. (ie: 3rd & 4th, etc)

Ties in the Season **Points Standings**, to decide those teams making the cut into the Championship, will be determined by the biggest fish caught between those tied teams for that season.

21. RULES VIOLATIONS AND APPEALS COMMITTEE:

An appeals committee will be established by CBATT, which shall be comprised of three random chosen anglers not attending that event where the "alleged" violation took place.

Appeals for penalties assessed under Rule 1 ("Rules and Penalties") (b), (c), (d), (e) & (f) must be presented in writing 48 hours from the time and date of ruling to the Tournament Director. Appeals hearings shall take place within seven (7) business days from the date of receipt of the written appeal and all parties must make themselves available at the prescribed time of the hearing. If competitors admit to a rules violation, they may not file an appeal of either the finding that they have violated the rules or the penalty imposed for the violation. Decisions of the appeals committee shall be final.

Competitors are allowed to compete under appeal. Field sizes after cuts would include any appealing angler making the cut for the next round of competition for that event. Final standings will not be official until all appeals hearings are final and ruled upon. However, all standings above that of any appealing angler, as well as any adjusted final standings may be declared official. Standings, including points and monetary awards, may be adjusted after the appeals committees' final ruling, and all affected anglers shall comply with all details of the final ruling.

22. PATCHES AND/OR SIGNAGE:

Anglers are encouraged to wear their own clothing which may bear patches, logos and other signage promoting the angler's sponsors. CBATT may, however, restrict the use of patches, logos, signage, etc., that promote or advertise products that are, in CBATT's sole judgment, in competition with the products or services of official CBATT or B.A.S.S. sponsors or which are, in B.A.S.S.' sole judgment, in poor taste. CBATT will provide as much advance notice as possible to the competitors in such instances. By signing this document, each team member agrees to wear an official B.A.S.S. shield (minimum 2 1/4 x 2 3/4 inches) on either left/right chest, with the top of the shield hitting the left/right collarbone during competition, including the weigh-in. This B.A.S.S. shield must be printed or embroidered. In addition, if CBATT or B.A.S.S. provides any ancillary clothing or products (such as life vests) bearing the logos of CBATT or B.A.S.S. or the official sponsors of B.A.S.S., each competitor shall wear such clothing or utilize such products in a manner accepted by CBATT Officials.

24. TAXES:

Where and when state laws require income taxes to be paid on cash awards to nonresidents, the taxes will be automatically deducted prior to the awards being presented to the winners. Competitors are responsible for all applicable taxes on both cash and merchandise awards. Various states require withholding tax on merchandise to be paid upon the awarding of certificates, and anglers awarded merchandise certificates in these states are responsible for remitting their tax to B.A.S.S. Failure to meet those obligations may result in a reduction of points, fines and/or disqualification from all future B.A.S.S. sanctioned events.

25. WAIVER AND RELEASE:

As a condition of participation in each tournament, each competitor must execute a waiver and release of liability and a name and likeness release.
