

Health Action Plan

Updated
02/2026

At International School for Peace, we understand that families are entrusting us with not only the education and socialization of their children, but also with their health, safety, and well-being. Our administration, teachers, staff, and families are doing our part to ensure the safety of everyone who enters our campus. Below is a list of what we are doing in the best interest of the community as a whole. ISP will continue make updates to our policies as deemed appropriate or mandated.

What Administration is Doing:	What Staff is Doing:	What Families are Doing:
<ul style="list-style-type: none"> • Employ Jani King, a professional cleaning service, cleans our campus each evening M-F. When directed they may utilize a hospital grade method of disinfecting. In the event that a hospital grade method of disinfectant needs to be used, families will be notified. The same team will clean our classrooms each evening. • Follow CDC Respiratory Virus Guidelines • Establish separate entry and exit points to the school and encourage directional traffic at high traffic times.. • Set up hand sanitizer stations around the ISP campus for use by students, families, and staff. • Ensure visitors entering a classroom are in good health. Visitors may be required to wear a mask. • Ensure sufficient supplies of disinfectant, tissues, masks, hand sanitizer, and gloves are available at all times. • Establish a plan should a staff member or student display symptoms of a respiratory virus during school hours. Plans may include release from school, staying at a home, and Dr.'s note to return. • Ensure regular changing of air filters in all ISP buildings. • Post notifications for the community when a communicable disease has been confirmed and reported. • Share community resources to access assistance and education about vaccines. • Vaccinate 	<ul style="list-style-type: none"> • Support children who wear masks. • Disclose to the Director should a staff member display symptoms of a respiratory virus or communicable disease, • Invite families to participate in activities outdoors. • Ensure visitor entering classrooms are in good health . • Wash hands upon arrival and frequently throughout the day • Promote, demonstrate, and reinforce healthy hygiene habits. • Teach and monitor effective handwashing steps Each child will wash or sanitize hands upon entry to the classroom, before/ after eating, after using the bathroom, and at other times throughout the school day. • Post lesson plans and class happenings in the windows for outdoor family viewing. • Clean and disinfect classroom toys frequently. • Present curriculum utilizing outdoor space as much as possible, weather permitting. • Unless essential, discourage nap bedding from home. • Vaccinate. 	<ul style="list-style-type: none"> • Disclose to ISP director should your child contract a respiratory virus such as COVID19., RSV, and flu. • Follow the CDC guidelines for responding to a respiratory virus to include "stay home and away from others until, BOTH :your symptoms are getting better and you are fever free 24 hours without meds. Then take added precautions for the 5 days. • Limit your time on the campus during pick up and drop off. • Adhere to established entry and exit points. • Ensure that your child has a spare set of clothing at school. • Provide the most current and complete copy of your child's emergency information and immunization / exemption forms. • Monitor your child for the safe use of hand sanitizer. • Commit to staying abreast of school communication. • Keep sick children home and contact preschool office of absence. • Ensure having a backup childcare plan should your child need to stay at home due to illness. • Understand what personal items support a child's sense of security, ability to transition, or self-regulate and considered essential. Speak with your teacher about having items at school. • Vaccinate.
