Wednesday and Thursday

Cut the box as shown on the picture. (You can do this before the class).

Cut off the back section but left the bottom to create a nifty tray to hold the puppets (plus it helps to keep the box stable).

Cut some big pieces of construction paper to cover the top of the box. The pieces cannot be smaller than $\frac{1}{4}$ of a letter size paper.

Glue or tape the paper to cover the front of the cardboard box.

Cover the bottom with pieces of white paper as shown in the picture.

Put the Puppet Show Theater to dry. We will continue tomorrow!
