

Dear Sponsor,

We at Chain Reaction Racing are proud to introduce our Micro Sprint, a car built not only for speed and competition, but also for a greater purpose. This season, we are racing in honor of suicide awareness, carrying a message of hope to every track, special event, and car show we visit, so on behalf of the Chain Reaction Racing Team, I am reaching out to invite you to partner with us for the upcoming 2026 racing season as we campaign our Micro Sprint tribute race car with a powerful and meaningful message: Suicide Awareness and Prevention.

Racing has always been about passion, speed, and community— this upcoming season our mission is simple: to use the sport we love as a platform to reach people, start conversations, and remind our community that no one has to face their struggles alone. With your support, we can keep this mission alive — both on and off the track. Sponsorship with Chain Reaction Racing means more than a name on a car; it means standing with us in raising awareness, honoring lives, and supporting those still fighting silent battles.

We are proud to carry these colors for a purpose greater than racing. This car is more than a machine — it is a moving tribute to survival, remembrance, and hope. Teal represents the quiet struggles so many endure in silence — anxiety, depression, PTSD. Purple honors the loved ones we have lost, ensuring their stories are never forgotten. Silver - loss of a first responder or military member. And yellow, worn in tribute to our youth, stands for the teens who are fighting battles they should never have to face — reminding them that even in their darkest moments, their lives matter and their future is worth holding onto. Together, these colors send a powerful message on every track we enter: you are seen, you are valued, and you are never alone.

By sponsoring the Chain Reaction Racing Team, your company will not only gain valuable exposure at racing events, on social media, and in community appearances, but you will also be making a direct impact in supporting a cause that touches so many families. Together, we can use the thrill of racing to deliver an important message of resilience, awareness, and hope.

We offer multiple levels of sponsorship, from primary car branding to associate sponsorships, and we are happy to tailor opportunities that best fit your company's goals. In addition to branding on the Micro Sprint, sponsors will also be recognized in all media promotions, community outreach events, and suicide awareness campaigns we support throughout the year.

We would be honored to have you join us in this mission—to make a difference both on and off the track.

Thank you for your time and consideration. We look forward to the opportunity of partnering with you.

Please feel free to contact me directly at (505) 419-9045 or email me grayson@chainreactionracing.com so we can discuss how your support can help us cross the finish line together in raising awareness and saving lives.

With gratitude,

Grayson Harmon-Owner/Driver

Chain Reaction Racing Team
