

I am providing my highest recommendation of Adam Schneidman for the position of Chef in your establishment.

I worked closely with Adam during my time chairing committees and organizing events at Awbrey Glen Golf Club, including member favorites like “Nine and Dine” and “The Glen Gives”, our largest and highest profile annual fundraising event. Adam’s culinary talent, creativity, and organizational abilities were instrumental to the success of these events.

One charity event, in particular, showcased Adam’s unique abilities and artistry: a Scotch tasting with food pairings. Adam worked with me to select 6 scotches representing each of the major producing regions... and then designed and crafted exceptional food pairings for each... from appetizer to dessert. Adam introduced each pairing, intriguing the guests with tidbits about the scotch and the flavors chosen to complement it. The guests were thrilled with the high quality and beautiful presentation of each course. Throughout the event, Adam was able to showcase his culinary skills in the open kitchen of the private residence. The praise for the event was overwhelming and word spread to the rest of the club. Other events for which Adam prepared dinner were equally wonderful, from Asian, Moroccan, Italian, and down-home comfort foods, his culinary knowledge is unmatched.

Adams’s ability to create unique menus for tasting events is very well known throughout the club and I know his leaving will leave a huge culinary hole in the Nineteenth Hole Restaurant at Awbrey Glen. You could not hire a better candidate than Adam.
