

# IOSH MANAGING SAFELY®

## IOSH Managing Safely®

The IOSH Managing Safely® course provides essential knowledge for those in supervisory or managerial roles, equipping them to identify, evaluate, and control workplace risks effectively. This three-day classroom course gives participants a comprehensive understanding of health and safety responsibilities, helping them implement effective safety systems in their organisation.

An IOSH Managing Safely® certificate is a highly regarded accreditation that supports continuous professional development and demonstrates a commitment to maintaining high health and safety standards.

Endorsed by the UK Contractors Group, the SSSTS is recognized as the industry standard for supervisors working on UKCG sites.

### Who Should Attend?

This course is designed for team leaders, supervisors, and managers from any industry who are responsible for overseeing the safety and welfare of others. It is relevant for professionals across all sectors and markets who wish to improve workplace safety management.

### Key Course Features

- Duration: 3 days
- Location: Classroom-based training
- Group Size: Limited to ensure a focused and interactive learning experience

### Topics Covered

- Introduction to Managing Safely
- Understanding Health and Safety Responsibilities
- Identifying Hazards
- Assessing and Controlling Risks
- Investigating Accidents and Incidents
- Measuring Safety Performance

### Learning Outcomes

By the end of this course, participants will:

- Understand the importance of managing workplace health and safety
- Learn how to assess, reduce, and control workplace risks
- Understand key health and safety terms and their relevance
- Measure the effectiveness of safety systems within their organisation
- Apply best practices in health and safety management

### Assessment and Certification

- Multiple-Choice Exam: Demonstrates the participant's knowledge of key concepts
- Practical Assessment: Involves applying what has been learned to real-life scenarios
- Participants who successfully complete both assessments will receive a digital IOSH Managing Safely® certificate. A paper certificate is available for an additional charge of £10 + VAT

### Course Requirements

- Participants must attend all three days of the course to qualify for assessment
- No prior health and safety experience is required

### Learning Environment

- Interactive classroom learning with case studies and group discussions
- Practical, hands-on exercises to reinforce knowledge
- Support from experienced tutors and interaction with fellow professionals
