PRODUCT SKU: 6610 | 30 SERVINGS

TLS® Trim Tea is a gluten-free, thermogenic slimming tea formulated to promote a multi-functional approach to weight management support.

How does it differ from other slimming teas on the market?

Other slimming teas often induce a laxative effect, which is a quick fix rather than a sustainable solution for long-term weight management. TLS® Trim Tea is a thermogenic slimming tea, specifically designed to promote effective, lasting weight loss.*

How often should I drink Trim Tea?

As a dietary supplement, take once daily or as directed by your healthcare provider.

What does Trim Tea taste like?

Trim Tea tastes like a very potent, clean black tea.

Is Trim Tea caffeinated?

Yes, Trim Tea is caffeinated from the black tea. There are 21 mg of caffeine per serving.

How long should I use Trim Tea?

While everyone's body and weight management journey is different, a [clinical study](#) showed reduction of body weight and improvement in metabolic parameters with the use of WellTrim® iG over a 10-week period.

Key Ingredients:

WellTrim® iG (Irvingia Gabonensis/African Mango): Patented and GRAS affirmed; a natural, clinically tested seed extract for weight loss and metabolic wellness.*

Black tea extract: Contains antioxidants that have been shown to provide cardiovascular health support.*
