

- 1. Daily Watering Restrictions:** Lawn and landscaping watering by users of the Bennet Municipal Water and Sewer system shall be restricted as follows during the period **beginning April 1 and ending October 31 each year.**
 - a. Users having odd numbered street addresses shall be allowed to water their lawns and/or landscaping on Tuesday, Thursday and Saturday of each week.
 - b. Users having even numbered street addresses shall be allowed to water their lawns and/or landscaping on Wednesday, Friday and Sunday of each week.
 - c. No watering or irrigation shall be allowed on Monday of each week.
- 2. Sod Permits:** Users wishing to more regularly water newly laid grass sod may apply for a two week sod permit from the City Office. The sod permit authorizes the user to water their sod for two weeks without daily restrictions. The fee shall be \$250.00. The City shall issue a laminated sign which must be displayed at the property. After the permit expires, the user will be required to adhere to the daily restrictions. Due to water constraints, only a single sod permit will be issued at a time for the entire City of Bennet. Applicants are encouraged to contact the City in advance to schedule their sod permit.
- 3. Penalties:** Violations of these regulations shall result in the following penalties.
 - a. First offense shall result in a written warning.
 - b. Second offense shall result in a \$250.00 fee added to the user's monthly bill.
 - c. Third offense shall result in a \$500.00 fee added to the user's monthly bill—and notification that further violation will result in disconnection of water service.
