November 27th—HAPPY THANKSGIVING!

Maintenance staff will be jetting sewer lines in the next few weeks. They plan to notify everyone in the area prior to beginning so you are aware of the activity.

Call Zach at 402-405-2009 if you have any questions or concerns.

Winter is coming so remember to not park on the streets during snow removal, be sure to have walks cleared first thing in the morning, and watch for ice on the walks/driveways. Other things to remember: Please clear all snow around the fire hydrants so the fire department can have easy access. Please clear snow from the water meter also just in case the maintenance staff need to locate it. We want everyone to stay safe during snowy/cold weather.

The item to the right is the radio antennae that is located on the top of your water meter. This is an expensive item to replace and the property owner is responsible if it gets broke. So, please don't mow over it, park or drive on it, cover it with anything or any other activity that could cause this to break.
