Do You Have a Lead Service Line?
You may have received a brochure requesting information regarding the service line to your home or business. This is a federal requirement that needs to be completed and submitted to the NE Dept. of Environment & Energy. Goal date for submission is September 1st, 2024.
We have received the majority of the forms, but are still in need of quite a few. Please complete the questionnaire in the brochure and return to the city office. If you have any questions about the service line or what is needed on the form, please contact Russ Jones, 402-405-2009. Someone may be contacting you from the city if there are questions regarding information on the forms we've received. Thank you!
