

1. **Daily Watering Restrictions:** Lawn and landscaping watering by users of the Bennet Municipal Water and Sewer system shall be restricted as follows during the period beginning May 15 and ending October 31 each year.
 - a. Users having odd numbered street addresses shall be allowed to water their lawns and/or landscaping on Tuesday, Thursday and Saturday of each week.
 - b. Users having even numbered street addresses shall be allowed to water their lawns and/or landscaping on Wednesday, Friday and Sunday of each week.
 - c. No watering or irrigation shall be allowed on Monday of each week.
2. **Sod Permits:** Users wishing to more regularly water newly laid grass sod may apply for a two week sod permit from the City Office. The sod permit authorizes the user to water their sod for two weeks without daily restrictions. The fee shall be \$250.00. The City shall issue a laminated sign which must be displayed at the property. After the permit expires, the user will be required to adhere to the daily restrictions. Due to water constraints, only a single sod permit will be issued at a time for the entire City of Bennet. Applicants are encouraged to contact the City in advance to schedule their sod permit.
3. **Penalties:** Violations of these regulations shall result in the following penalties.
 - a. First offense shall result in a written warning.
 - b. Second offense shall result in a \$250.00 fee added to the user's monthly bill.
 - c. Third offense shall result in a \$500.00 fee added to the user's monthly bill—and notification that further violation will result in disconnection of water service.
 - d. Fourth offense shall result in disconnection of water service.
