## Felix Arthur Hakimian!

We are pleased to announce the early (2 week), but healthy, arrival of Felix! Already making his wishes known, he decided to come quickly (4.5-hour labor) resulting in a homebirth on Monday, August 25<sup>th</sup> at 8:30am. He was 7lb. 19in. and after a check in with the doc, pronounced healthy. Both mom and baby are doing well. A steady stream of meals have been arriving from church family and there is no shortage of arms to hold him. And it's here I must say, with a small smirk, that Nathan is the only one to have not held him so far. I think he's a bit intimidated by the little guy. 😊

"God blessed them and said to them, 'Be fruitful and increase in number; fill the earth and subdue it.'"
