2019 4th Quarter Newsletter

Founder & President -
Dr. John Philipose & Annie

As I mentioned in the 3rd quarter newsletter, ICBC had some visitors! Terry & Norma Hull, Debbie Watson, Bobbie Mannschreck, Dwight & Eva Juliuson were with us for 5 days in the month of October. It was jam packed with lots of activities. We hit the ground running with a medical camp for the students, staff, faculty and their families.

Terry preached during several of the chapel services, we visited the residents of the Gilgal Nursing Home, and they learned to make chapattis. Our guests treated all of us to a Houseboat trip through the back waters of Kerala, we visited 2 of our churches located near the campus on Sunday where Terry preached and challenged the people.

Doctors volunteered their Time for the camp.

Debbie and John, Midwest Christian College graduates, reunited after 35+ years.

Chapel Service

Norma and team took the vitals of everyone: temp, weight & BP. Once the vitals were completed of all 82 people, they were ready to see the doctor. For most of them, this was their first time having their vitals taken and speaking with a doctor. Because of the camp, some health issues were identified and they are currently being treated. More on that, in the next newsletter. This is the first time a medical camp has been held on campus and we would like to continue this every year.

2nd day chapel service. The students are singing a Hindi action song. Everyone joined in! After Terry preached, we had a prayer time and our guests had the opportunity to pray for our students. After chapel service, every student was given a toiletry bag, candy and lots of yummy chocolate!!

There is more to report of this trip and it will be provided in the next newsletter. I would like to add this quote from Eva Juliuson—"we had an amazing time and got a glimpse into the eternal impact ICBC has in India. We not only had a great time, and fell in love with India and everyone there, we all came away with a deep desire to keep ICBC going in the future."
