*Our God is a Healer! For the past two months I have been in India, taking care of my dad. I went there because my dad was gravely ill. He was in tremendous pain, in and out of hospital. Today, I am excited to report that dad has done a 180 in regards to his health. After his radiation treatment, the leg pain was considerably reduced. He is able to sleep, eat, walk, and do all the normal things. The week before I left, he had blood work done and all the results are normal. He still has the cancer, is being treated for it, and managing well. His legs are not as strong as he would like them to be, but he is still mobile. Thank you so much for your prayers and the love you show us all the time, but especially during the last couple of months. Dad's health improved so much while I was there, we attended three different graduations. I will be highlighting two of those graduations in this newsletter.*

*Mamta from Punjab was the student of the year. She is currently teaching Sunday School back in her home church, preaching and helping her Pastor in ministry. She is planning to pursue her masters in Theology.*

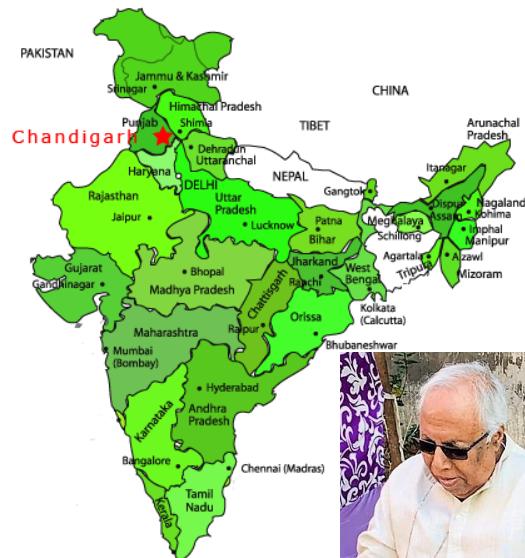

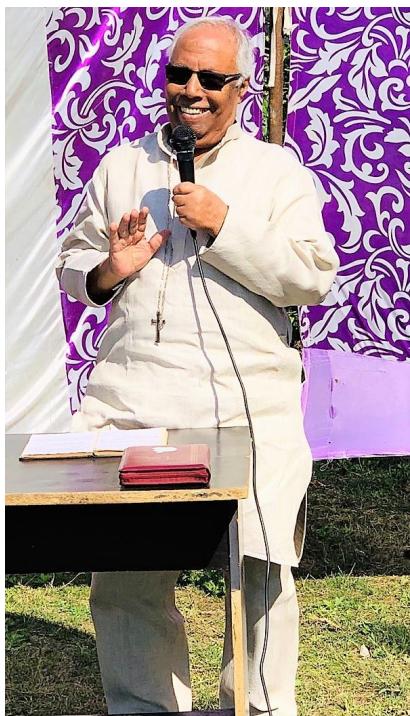

*33rd graduation was on January 26th, 2019. Four students graduated with Bachelors in Divinity and the rest received their one year Diploma.*

Chandigarh is a city and a union territory in India that serves as the capital of the two neighboring states of Punjab and Haryana. On February 23rd, we attended the first graduation of the Chandigarh Missionary Training Center. Nine students graduated.

**Bishop Vijay Emmanuel is the principal at this center. He was a high cast Hindu but converted to Christianity 24 years ago. He oversees over one hundred churches all over the northern part of India.**

**All nine students are from the Chandigarh district and will be involved in some type of ministry with the Bishop.**
