

Follow Up

Following the R.I.C.H. Kidz program:

- ❖ **Live R.I.C.H will conduct 3 follow-up visits with R.I.C.H. Kidz participants**
- ❖ **Live R.I.C.H. staff will meet with students to discuss growth and setbacks, identifying goals for the future and the steps needed to get there**
- ❖ **30 minute sessions**

Meetings reinforce an environment that encourages students to share and be open about their experiences. Students will engage in conversations that highlight where they made positive choices in difficult situations, while also discussing areas where their choices may have led to negative consequences. The visits serve as an additional form of support to the students and their journey to **Live R.I.C.H.** and fulfill their dreams.
