# LIMITED EDITION SPADE&BUSHEL™

Aged at least 10 years in used oak barrels, we present this single malt Irish whiskey at full cask strength (115 proof, 57.5% ABV). There is a wonderful depth of flavour that we celebrate by maintaining the high proof and not diluting the whiskey. This powerful taste profile makes our first Spade&Bushel whiskey delicious and memorable.

12 BOTTLE SHIPPER

While we wait for Connacht Distillery's own single pot still Irish whiskey to mature, we are alert to opportunities to purchase small batches of high quality whiskey from other distillers. Occasionally, some great Irish whiskey is made available on the open market from distillers who are left with extra after a production run or who simply discover a "lost" barrel or two in a warehouse. A few barrels may be too little for a large distiller to bother with, but we are happy to make small amounts of unique and exciting products available to lovers of Irish whiskey. We have created our Spade&Bushel label to use when presenting these special offerings of sourced Irish whiskeys.
