

Own your health!

Dhampur Green is an innovation-driven healthful sweeteners and snacks manufacturer. With source traceability and quality control of end products, we have complete integration from pesticide-free farms to the consumer's fork. Minimalistic processing and packaging ensures that most natural micro-nutrients, vitamins and minerals are retained during processing.

JAGGERY (GUR) ASSORTMENT

Dhampur Green Gur (Panela/ Jaggery), is a pure, wholesome, traditional, unrefined, whole sugar. It contains the natural goodness of minerals and vitamins inherently present in sugarcane juice. Our wholesome sugar does not contain sulphur dioxide, lime, phosphoric acid, bleaching agents or any viscosity reducers that most gur manufacturers use to make it 'extra-white'! Our chemical- free jaggery has no preservatives, is hygienic and untouched by hands, and free from any extraneous matter. Also available in powder and liquid forms, all year round!

- No Chemicals
- Gluten Free
- Immunity Booster
- Available all year

NEW PRODUCT

This is a traditionally Indian *masala* for your *chai*, made with organic jaggery (gur/ panela). After sun drying, fresh spices such as cinnamon, ginger, cloves, star anise, black pepper, cardamom and nutmeg are hand-milled in a traditional stone mill with organic gur. This process ensures that their natural antioxidants and oleoresins are retained during processing. Adding a spoonful of this to hot water or milk, or your tea readies your health drink in a jiffy!

Ideal for those who prefer flavour & health together, our Gur Masala for Chai is loaded with anti-inflammatory agents to strengthen your immune system, ward off common infections and keep you energised. Enjoy in your cup of 'Kadak' Cutting Chai today!
