A Message From President Gerald Denis

Stop vehicles driving or parking on the sidewalks. The utility access boxes that are set in the sidewalks are not traffic rated and will break under pressure from vehicles. The big ones cost us \$7000.00 to replace so please keep off the sidewalks and stop your vendors and visitors from driving or parking on them. Thanks.

Check Your Sprinkler

Water use impacts our maintenance fees in Huelani. Please recheck you timer and adjust run times to a minimum.

Also please recheck your system for any possible leaks, especially inside your control box. If there is damp ground around your sprinkler valve or control box, you have a leak.

Tree Trimming July 18th and 19th

The common area tree trimming is scheduled for July 18th and 19th. To reduce the risk of your vehicle being struck by dropping limbs, please do not park in the vicinity of trees during this time. If you have trees hanging over your driveway, please park in the nearest visitor parking area from 7:30 am until 4:30 pm. Please remember to move your vehicle back to your driveway at the end of each day.

Please expect a pool closure on one of the two days for a few hours. We will send out another reminder as the time gets closer.

Also, this is a great time for all homeowners to address overgrown trees and shrubs within your private backyards. Tree limbs and bushes should not be hanging over fence lines or touching any parts of the home or fence. Inspections of yards will start soon.

If you have any questions or concerns please let Kellie know.
