HCW JUNE ACTIVITIES

Along with the cold and wet, a rise in accidents was seen in the month of June.

HCW members responded to a total of 16 accident scenes and assisted the emergency personnel and authorities where needed.

On the rainy days a few road flooding occurred where the HCW 24/7 Operations Centre escalated each matter to the City of Cape Town, and relayed all information and warnings to the members of the public.

On the evening of the 20th June HCW was invited to take part in the Afriforum National Convoy by the Strand and Stellenbosch branch, bringing awareness to the rise in farm attacks.

ANPR - AUTOMATIC NUMBER PLATE READING

Technology used to create vehicle location data by recognising the characters on vehicle registration plates.

On Friday night, 4 July 2025, a vehicle linked to house robberies entered the Helderberg area. HCW members, guided by ANPR data, began tracking it. After nearly an hour, the vehicle was located, and the suspects attempted to flee through side streets. HCW maintained pursuit and alerted Somerset West SAPS, who quickly responded. Together, they brought the vehicle to a stop and arrested all four suspects.
