

## **ADDRESS BY THE SCHOOL PREFECTS**

A very Good Morning to the worthy audience. I, Suyash and I, Aditi are here to address you all on the occasion of the Investiture Ceremony. On behalf of the entire school cabinet, we would like to extend our gratitude to worthy Director Sir, honorable Principal ma'am and Vice Principal ma'am, respected Coordinators and Teachers who have given us this valuable opportunity to prove our merit and serve the school as the School Prefects.

Being the prefect is not merely about the title, but about the duties and responsibilities that come along with it. Through our service and determination, we aspire to serve the school and our fellow students to the best of our abilities. To us, leadership holds a much broader meaning than just instructing others to follow us. It also signifies encouraging them to move along with us in order to accomplish their goals. We promise to fulfill our duties with sheer dedication and bring laurels to the school by upholding its motto, **STOP NOT TILL THE GOAL IS REACHED!**
