

FAREWELL SPEECH (2023-24)

I still get goosebumps when I recall the day I spoke from this stage for the first time, 13 years ago. My teacher had to hold my hand and walk me to the center of the stage. And today again, I am standing in front of you, which perhaps, is my last day here as a student. It is both an honour and a poignant moment to address you all.

First of all, I would like to express my gratitude to Sanjay Sir, our esteemed Director, under whose leadership, our school has witnessed remarkable transformations. Besides academic advancements through initiatives like 'Intra- School Competitions' and ' School Olympics', he has instilled in us the values that extend beyond textbooks and make us a better human being. Furthermore, I cannot thank my teachers enough for their unwavering commitment to our education.

As we stand on the threshold of a new chapter, the memories of this school will remain forever etched in my heart and I will always cherish the years spent here.

FAREWELL SPEECH

It was the vision of respected Director Sir, that has shaped this institution into a well established center of knowledge and enlightenment for any child who take admission in it. It is his ideologies and thinking that have shaped the future of the children studying in this meritorious institute. It is because of him I was able to achieve the level of confidence and intelligence. This school has made me capable enough to make my future bright and full of optimism. At this point in my life, the knowledge I am parting with from this institution can't be repaid with a simple thank you . I have been taught to read, write and speak in this very school. I owe all my successes over the years to my teachers and the staff at this center of learning. The walls of this school have heard our cries as little children, afraid to be away from our homes, they have heard our prayers as the answer sheets were being distributed but most of all the walls have listened to our giggles and laughs of students as they progressed through life making memories, friends, bonds and relationships that we will cherish for life.

FAREWELL SPEECH

Today as the end of a chapter in our lives is being registered, we would like to express our heartfelt gratitude towards all those who have been an indispensable part of our journey.

We would like to thank our Chairman, G.S.Sardana Sir who ignited the spark and set the model for Manav Mangal group of schools. We also extend a special thanks towards our director Sir Mr Sanjay Sardana for carrying this institution to great heights.

We are obliged to our Principal Ma'am, Former Vice Principal Ma'am and New Vice Principal Ma'am for their unwavering support and encouragement. We are truly indebted to our Coordinators. We can never forget the memorable moments spent with them.

How can they be forgotten? The backbone of our school, the bhaiyas, didis, bus drivers and attendants who worked behind the scenes but always operated tirelessly to create the conducive environment required for studying.

The greatest gratitude is towards all our teachers and sirs, who have always stood by our side.

And now finally we talk about our batchmates, our family, that we have built over the course. Spending six hours with each other we became friends with one another at a very young age, even when we did not know what friendship actually was. We laughed together, cried together, played together and ate together. Leaving each other's regular company will not be easy but the bonds that we have created will always be in our hearts.

In the end on the behalf of all the Manavites we would like to say thank you so much Manav Mangal Smart School for being our second home. We will miss you the most but you will remain in our hearts, always and forever. Now we would like to sign off with the motto, stop not till the goal is reached.

Today, as we stand on the cusp of a significant transition, It is both an honour and bittersweet privilege to address my fellow classmates on this day. Our time together has been nothing short of extraordinary, marked by shared laughter, shared struggles and shared sense of growth.

Reflecting on the past years, we have not only expanded our academic horizons but also formed bonds that will linger in our hearts.

To our teachers and mentors, your guidance has been the compass directing us through the academic maze. Your dedication and wisdom have left an indelible mark on our journey. Without your guidance, we would not have been able to reach this far in our academic journey.

This isn't a goodbye. It's a see you later. As we disperse to explore new realms, I am confident that each one of us will leave an indomitable mark on the world. Once a manavite, always a manavite. Here I would also like to thank our Director Sir from the bottom of my heart whose vision and dedication has been the foundation of our esteemed Manav Mangal. His strong will and humble personality are truly admirable.

With this, I would like to bid farewell to my dear classmates. Our journey continues but the memories of a 10th grade camaraderie will forever remain detached in our hearts.

Ending up with our Moto 'Stop not till the goal is reached.' Thank you

FAREWELL SPEECH (2023-24)

It's unbelievable that we are leaving the walls we leaned upon- the buses we laughed in- the corridors we ran across- the library which is the witness of our silent chit-chat- the classrooms we spent our days in- the teachers who we annoyed and loved at the same time- and our fellows ,we felt our lives complete with.

Wasn't it just five minutes ago that we were practicing for PANACHE or having fun on Sports Day or having wifi issues during online classes or- just collecting packets of chips to pack for the trip?

It is Director Sir's vision that has shaped this institution into one so dear to us that we are torn between our desires to stay here forever or to take a flight into the world.It is Sir's ideology which has shaped this school so beautifully that we are not able to leave today. Thank you Sir.

Matlab yeh bhi kitne kmaal ki baat hai, hum nadan parinde, aazadi dhoondte rahe, aur aaj- jab aazaadi ka waqt aaya hai, toh humen pinjre se hi mohabbat ho gayi....

Most of us came here as toddlers who needed support to walk and were unaware about the epistemology of life. But now we shall leave this school as mature Manavites who are capable of taking responsible decisions

We are greatly obliged to all our school authorities for bringing tokens of joy and fun for us in the form of sports fest, investiture ceremony, school trip, panache, extra curricular activities and various inter and intra school competitions which built the competitive spirit and sportsmanship in us. We will never forget the satisfaction we got during our games period(the most awaited one) library, recess, lab periods etc.

We tried our best to exhibit one of the personality traits of a true Manavite by never giving up and striving hard to achieve great heights in academics as well as extracurricular activities to develop ourselves as a whole.

Passion generates commitment and commitment motivates and inspires the students and this passion has been portrayed wonderfully by our teachers.

Heartfelt Gratitude towards all our bhaiyas and didis.

Thank you director sir, principal mam and vice principal mam for providing us an institution which is no less than a home.

Thank you manav mangal for EVERYTHING!
