

SPECIAL ASSEMBLY: REPUBLIC DAY

SESSION: 2024-25

NAME: PREETI VATS

CLASS: VII-F

"Ask not what your country can do for you, ask what you can do for your country," said John F. Kennedy.

A very good morning respected Principal Ma'am, teachers and my dear Manavites. Today I, Preeti Vats of Class VII-F, am here to commemorate a historic day of our nation-Republic Day; a day not only of national pride but also a moment of reflection on how far we have come as a nation.

On January 26, 1950 the Constitution became our guiding light, transforming our country into a sovereign, socialist, secular and democratic republic. It marked the beginning of a new era where every citizen was granted equal rights, justice and liberty.

As we celebrate the 76th Republic Day this year, let's salute the spirit, resilience and dedication of countless freedom fighters who envisioned a nation ensuring justice, equality and freedom for every citizen.

We students, the architects of tomorrow, must take pride in our heritage and embrace the values enshrined in our constitution. Let's embrace the vision of our great leaders and build a nation that is strong, united and progressive

Let's celebrate by remembering 'Rashtra Dharmo Maha Dharma' which means national duty is the greatest duty. As we stand under the tricolour, let's pledge to uphold our constitution, strive for excellence and serve our nation selflessly.

Thank you and wishing you all a very Happy Republic Day

JAI HIND!
