

ALPHABET AWARDS

Players: 2-6

How to Play!

This game is all about sharing and celebrating the people across our lives with the people we're connecting with.

- 1. For each letter of the alphabet - there is a positive adjective*
- 2. Take turns to read out the word, and share who you think of and why - in your life - when you think of that adjective e.g. Brave - makes me think my friend Rachel, because of how bravely she overcame a serious illness.*
