## OH ME OH MY

## Players: 3-8

## How to Play!

This game is a test self-awareness, and a chance to see yourself as others do!

1. Read out the 'most likely to' statement.
2. On the count of 3-each player points to the person in the group who best fits the statement.
3. If you point to yourself, and the majority of the group do to: you win a point for selfawareness!
