

# TINY HOPE VILLAGE

Building Homes. Restoring Hope.

**OUR MISSION:** WE ARE A PERMANENT HOUSING COMMUNITY OF SUPPORT THAT RECOGNIZES THE DIGNITY IN US ALL.

## OUR STORY

Tiny Hope Village is a non-profit committed to abetting with the homelessness crisis our country is experiencing. Our founder, who experienced homelessness for a time, was dedicated to helping his community and recognizing the dignity in others as they deserved.

Dan Kiniry founded Tiny Hope Village with a vision of building 24 tiny homes that would provide permanent housing and support for individuals experiencing homelessness. He understood that all humans deserve the basic rights of water, food, and shelter; *a place to call home.*

**"TINY HOPE VILLAGE IS NOT SIMPLY BUILDING HOUSES - WE ARE HELPING PEOPLE REBUILD THEIR LIVES."**  
-DAN KINIRY, EXECUTIVE DIRECTOR

Our vision is a community where individuals who have experienced homelessness can live with dignity, stability, and support. Through permanent housing, medical care, food assistance, and community connection, Tiny Hope Village helps residents rebuild their lives. Our goal is to establish community here and expand to help others in the future.
